THE JOURNAL OF PEDIATRICS

EDITOR

JOSEPH M. GARFUNKEL
Chapel Hill, North Carolina

CONSULTING EDITOR

WALDO E. NELSON
Philadelphia, Pennsylvania

ASSOCIATE EDITORS

MARTIN H. ULSHEN

HARVEY J. HAMRICK
Current Literature and Clinical Issues

EDWARD E. LAWSON
Fetal and Neonatal Medicine
Chapel Hill, North Carolina

DAVID S. SMITH
Clinical Conferences
Philadelphia, Pennsylvania

EDITORIAL BOARD

PASQUALE J. ARCARDO
Editor, Neurodevelopmental Disabilities
St. Louis, Missouri

EDUARDO H. BANCALARI
Miami, Florida

ARTHUR L. BEAUDET
Houston, Texas

LAURENCE A. BOXER
Ann Arbor, Michigan

JAMES T. CASSIDY
Columbia, Missouri

RUSSELL W. CASSIDY
Memphis, Tennessee

S. JEAN EMANS
Boston, Massachusetts

BRADLEY P. FUHRMAN
Buffalo, New York

ANNE GERSHON
New York, New York

ROBERT H. A. HASLAM
Toronto, Ontario

HARRY R. HILL
Salt Lake City, Utah

ANDRÉ D. LASCARI
Editor, Book Reviews
Albany, New York

BARBARA M. LIPPE
Los Angeles, California

VIRGINIA A. MOYER
Houston, Texas

KEITH R. POWELL
Rochester, New York

GREG E. PRAZAR
Exeter, New Hampshire

HARVEY L. SHARP
Minneapolis, Minnesota

REBECCA A. SNIDER
Durham, North Carolina

JUDITH M. SONDHEIMER
Denver, Colorado

BARBARA S. STONESTREET
Providence, Rhode Island

MICHAEL A. WALL
Portland, Oregon

PHILIP D. WALSON
Columbus, Ohio

BARRY WOLF
Richmond, Virginia

BARRY ZUCKERMAN
Boston, Massachusetts

Subject Index*

A

Abnormalities
Autosomal dominant transmission of the Pallister-Hall syndrome (Topf et al). 1993;123:943-6 (CLO)
Urethral obstruction sequence and lower limb deficiency: evidence for the vascular disruption hypothesis (Perez-Aytes et al). 1993;123:398-405

Absorption
Measurement of true absorption, endogenous fecal excretion, urinary excretion, and retention of calcium in term infants by using a dual-tracer, stable-isotope method (Hillman et al). 1993;123:444-56

Abuscreen Ontrak assay
Rapid cocaine screening of urine in a newborn nursery (Welch et al). 1993;123:468-70 (CLO)

Acid-base equilibrium
Anion gap in rate-dependent distal renal tubular acidosis (Springate) (Letter); (Strife) (Reply). 1993;123:173-4

Acidosis, lactic
Defect in the lipoyl-bearing protein X subunit of the pyruvate dehydrogenase complex in two patients with encephalomyelopathy (Marsac et al). 1993;123:915-20
Transient improvement of congenital lactic acidosis in a male infant with pyruvate decarboxylase deficiency treated with dichloroacetate (Tóth et al). 1993;123:427-30 (CLO)

Acidosis, renal tubular
Anion gap in rate-dependent distal renal tubular acidosis (Springate) (Letter); (Strife) (Reply). 1993;123:173-4

Acquired immunodeficiency syndrome; *see also* HIV-1
Replication and tropism of human immunodeficiency virus type 1 as predictors of disease outcome in infants with vertically acquired infection (De Rossi et al). 1993;123:929-36
Unsuspected varicella-zoster virus encephalitis in a child with acquired immunodeficiency syndrome (Silliman et al). 1993;123:418-22 (CLO)

Acrodynia
Treatment of hypertension in acrodynia (Özsoylu) (Letter); (Henningsson et al) (Reply). 1993;123:667-8

Acute asthma; *see* Asthma

Acute chest syndrome; *see* Thoracic diseases

Acute lymphoblastic leukemia; *see* Leukemia, lymphocytic, acute

Acyclovir
Severe chickenpox after intranasal use of corticosteroids (Abzug and Cotton). 1993;123:577-9 (CLO)

Administration, intranasal
Severe chickenpox after intranasal use of corticosteroids (Abzug and Cotton). 1993;123:577-9 (CLO)

Administration, oral
A prospective, randomized trial of high-dose intravenous immune globulin G therapy, oral prednisone therapy, and no therapy in childhood acute immune thrombocytopenic purpura (Blanchette et al). 1993;123:989-95

Adolescence
Age-related changes in serum free thyroxine during childhood and adolescence (Nelson et al). 1993;123:899-905
Blood pressure nomograms for children and adolescents, by height and age, in the United States (Rosner et al). 1993;123:871-86
First-phase insulin release in normal children (Allen et al). 1993;123:733-8

Adolescence—cont'd
Mineral balance and bone turnover in adolescents with anorexia nervosa (Abrams et al). 1993;123:326-31
Predictors of axial and peripheral bone mineral density in healthy children and adolescents, with special attention to the role of puberty (Rubin et al). 1993;123:863-70

Adrenal cortex hormones
Severe chickenpox after intranasal use of corticosteroids (Abzug and Cotton). 1993;123:577-9 (CLO)

Adult respiratory distress syndrome; *see* Respiratory distress syndrome, adult

Age factors
Age-related changes in serum free thyroxine during childhood and adolescence (Nelson et al). 1993;123:899-905
Blood pressure nomograms for children and adolescents, by height and age, in the United States (Rosner et al). 1993;123:871-86
Prognostic implications of age at detection of air leak in very low birth weight infants requiring ventilatory support (Powers and Clemens). 1993;123:611-7

Air leak; *see* Pneumothorax; Pulmonary emphysema

Albuterol
Efficacy of albuterol administered by nebulizer versus spacer device in children with acute asthma (Kerem et al). 1993;123:313-7
Nebulized salbutamol versus racemic epinephrine in the treatment of infants with bronchiolitis (Carter and Moffitt) (Letter); (Chernick) (Reply). 1993;123:491-2

Allergic bronchopulmonary aspergillosis; *see* Aspergillosis, allergic bronchopulmonary

Alloantigens; *see* Isoantigens

Alpha interferon; *see* Interferon-alpha

Alport syndrome; *see* Nephritis, hereditary

Altitude
Arterial oxygenation and pulmonary arterial pressure in healthy neonates and infants at high altitude (Niermeyer et al). 1993;123:767-72

Alveolar-arterial oxygen gradient; *see* Blood gas analysis

Amino acids, diamino
Lysinuric protein intolerance at presentation with chronic interstitial lung disease and pulmonary cholesterol granulomas (Kerem et al). 1993;123:275-8 (CLO)

Aminotransferases
Aminotransferase activity in celiac disease (Grimwood and Barnes) (Letter); (Pehlivanoglu et al) (Letter); (Vajro) (Reply). 1993;123:1017-9

Ammonia
Plasma ammonia levels in very low birth weight preterm infants (Usmani et al). 1993;123:797-800 (CLO)

Amoxicillin
Treatment and long-term follow-up of *Helicobacter pylori*-associated duodenal ulcer disease in children (Israel and Hassall). 1993;123:53-8

Anemia
A randomized, double-blind, placebo-controlled trial of recombinant erythropoietin in treatment of the anemia of bronchopulmonary dysplasia (Ohls et al). 1993;123:996-1000
Suppression of erythropoiesis by intrauterine transfusions in hemolytic disease of the newborn: use of erythropoietin to treat the late anemia (Scaradavou et al). 1993;123:279-84

Anemia, sickle cell
Alveolar-arterial oxygen gradient in acute chest syndrome of sickle cell disease (Emre et al). 1993;123:272-5 (CLO)
Neuropsychologic effects of stroke in children with sickle cell anemia (Craft et al). 1993;123:712-7

*July, pp. 1-176 and S1-S12; August, pp. 177-336; September, pp. 337-496; October, pp. 497-672; November, pp. 673-842 and S13-S20; December, pp. 843-1058.

Aneurysm
Detection of Epstein-Barr virus DNA in cardiac and aortic tissues from chronic, active Epstein-Barr virus infection associated with Kawasaki disease–like coronary artery aneurysms (Kikuta et al). 1993;123:90-2 (CLO)
Anion gap; *see* Acid-base equilibrium
Anorexia nervosa
Mineral balance and bone turnover in adolescents with anorexia nervosa (Abrams et al). 1993;123:326-31
Anoxia
Subcutaneous fat necrosis in a neonate, in association with aberrant plasma lipid and lipoprotein values (Vonk et al). 1993;123:462-4 (CLO)
Antibiotics
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7
Antibodies
Hepatitis C virus infection in children with hemophilia: characterization of antibody response to four different antigens and relationship of antibody response, viremia, and hepatic dysfunction (Kanesaki et al). 1993;123:381-7
Horizontal transmission of hepatitis C virus in households of infected children (Camarero et al). 1993;123:98-9 (CLO)
Incidence of celiac disease identified by the presence of serum endomysial antibodies in children with chronic diarrhea, short stature, or insulin-dependent diabetes mellitus (Rossi et al). 1993;123:262-4 (CLO)
A rapid test for the detection of human immunodeficiency virus antibodies in cord blood (Suarez et al). 1993;123:259-61 (CLO)
Antiemetics
Chlorpromazine with and without lorazepam as antiemetic therapy in children receiving uniform chemotherapy (Relling et al). 1993;123:811-6
Antigens
Hepatitis C virus infection in children with hemophilia: characterization of antibody response to four different antigens and relationship of antibody response, viremia, and hepatic dysfunction (Kanesaki et al). 1993;123:381-7
Major histocompatibility complex class II deficiency: clinical manifestations, immunologic features, and outcome (Klein et al). 1993;123:921-8
Membranous nephropathy in two human leukocyte antigen–identical brothers (Elshihabi et al). 1993;123:940-2 (CLO)
Selection of a precore mutant of hepatitis B virus and reactivation of chronic hepatitis B acquired in childhood (Bortolotti et al). 1993;123:583-5 (CLO)
Antiviral agents
High-level resistance to zidovudine but not to zalcitabine or didanosine in human immunodeficiency virus from children receiving antiretroviral therapy (Husson et al). 1993;123:9-16
Aorta
Detection of Epstein-Barr virus DNA in cardiac and aortic tissues from chronic, active Epstein-Barr virus infection associated with Kawasaki disease–like coronary artery aneurysms (Kikuta et al). 1993;123:90-2 (CLO)
Apnea
Home event recordings of oxygenation, breathing movements, and heart rate and rhythm in infants with recurrent life-threatening events (Poets et al). 1993;123:693-701
Recurrent apparent life-threatening events during infancy: a manifestation of inborn errors of metabolism (Arens et al). 1993;123:415-8 (CLO)
Apolipoproteins
Lipoprotein(a) and apolipoproteins B and A-1 in children and coronary vascular events in their grandparents (Wilcken et al). 1993;123:519-26
Art
Dance: an art form, not a sport (Steeg). 1993;123:333 (Letter)
Arterial lines; *see* Catheters, indwelling
Arterial oxygen saturation; *see* Blood gas analysis
Arteries
Comparison of arterial and capillary bilirubin values in neonates with arterial lines (Langbaum et al). 1993;123:794-6 (CLO)
Arthropathy; *see* Joint diseases
Aspergillosis, allergic bronchopulmonary
A fifteen-year-old boy with eosinophilia and pulmonary infiltrates (O'Sullivan et al). 1993;123:660-6
Asphyxia
Impaired ventilation in infants sleeping facedown: potential significance for sudden infant death syndrome (Chiodini and Thach). 1993;123:686-92
Aspiration
Ultrasound guidance of suprapubic bladder aspiration in neonates (Kiernan et al). 1993;123:789-91 (CLO)
Asthma
Efficacy of albuterol administered by nebulizer versus spacer device in children with acute asthma (Kerem et al). 1993;123:313-7
Environmental tobacco smoke as a risk factor for asthma in inner city children (Moyer) (Letter); (Platts-Mills) (Reply). 1993;123:171
Prematurity as a risk factor for asthma in preadolescent children (von Mutius et al). 1993;123:223-9
Astroviruses
Outbreaks of astrovirus gastroenteritis in day care centers (Mitchell et al). 1993;123:725-32
Atherosclerosis
Familial combined hyperlipidemia in children: clinical expression, metabolic defects, and management (Cortner et al). 1993;123:177-84
Atrophie blanche; *see* Vasculitis
Attention deficit disorder with hyperactivity
Attention-deficit hyperactivity disorder and thyroid function (Weiss et al). 1993;123:539-45
Auditory screening; *see* Hearing tests
Axial bone mineral density; *see* Bone density
Azithromycin
Azithromycin for treatment of severe *Cryptosporidium* diarrhea in two children with cancer (Vargas et al). 1993;123:154-6 (CLO)
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7

B

B-lymphocytes
Severe combined immunodeficiency: a retrospective single-center study of clinical presentation and outcome in 117 patients (Stephan et al). 1993;123:564-72
Bacteremia
Group B streptococcus serotype V (Greenberg et al). 1993;123:494-5 (Letter)
Bacterial infections
Identifying febrile infants at risk for a serious bacterial infection (Baskin et al) (Letter); (Klassen and Rowe) (Reply). 1993;123:489-90
Bacterial polysaccharides; *see* Polysaccharides, bacterial
Bacterial typing techniques
Source of *Pseudomonas cepacia*: ribotyping of isolates from patients and from the environment (Fisher et al). 1993;123:745-7 (CLO)
Bartter disease
Gitelman versus classic Bartter syndrome (Stahl and Vaara) (Letter); (Bettinelli et al) (Reply). 1993;123:671-2
Beclomethasone
Beclomethasone for treating premature infants with bronchopulmonary dysplasia (Gal et al). 1993;123:490-1 (Letter)

Behavior
Behavioral manifestations of hypothyroidism versus thyroxine effects (Bhatara et al) (Letter); (Rovet et al) (Reply). 1993; 123:840-1
Benign familial epilepsy; *see* Epilepsy
Benzathine penicillin G; *see* Penicillin G, benzathine
Bilirubin
Comparison of arterial and capillary bilirubin values in neonates with arterial lines (Langbaum et al). 1993;123:794-6 (CLO)
Binder proteins; *see* Carrier proteins
Biologic clocks
The pineal gland in human beings: relevance to pediatrics (Cavallo). 1993;123:843-51
Birth order
Effects of birth order, gender, and intrauterine growth retardation on the outcome of very low birth weight in twins (Chen et al). 1993;123:132-6
Birth to age 18 months; *see* Infant
Birth weight
Expected duration of hospital stay of low birth weight infants: graphic depiction in relation to birth weight and gestational age (Rawlings et al). 1993;123:307-9 (CLO)
Growth and neurodevelopmental outcome of very low birth weight infants with intrauterine growth retardation: comparison with control subjects matched by birth weight and gestational age (Sung et al). 1993;123:618-24
Bismuth
Treatment and long-term follow-up of *Helicobacter pylori*–associated duodenal ulcer disease in children (Israel and Hassall). 1993;123:53-8
Bladder
Ultrasound guidance of suprapubic bladder aspiration in neonates (Kiernan et al). 1993;123:789-91 (CLO)
Blood circulation
Early changes in the neonatal circulatory transition (Walther et al). 1993;123:625-32
Blood component transfusion
Comparison of two preservation solutions for erythrocyte transfusions in newborn infants (Goodstein et al). 1993;123:783-8
A randomized, controlled trial of platelet transfusions in thrombocytopenic premature infants (Andrew et al). 1993; 123:285-91
Blood gas analysis
Alveolar-arterial oxygen gradient in acute chest syndrome of sickle cell disease (Emre et al). 1993;123:272-5 (CLO)
Arterial oxygen saturation in preterm neonates without respiratory failure (Richard et al). 1993;123:963-8
Arterial oxygenation and pulmonary arterial pressure in healthy neonates and infants at high altitude (Niermeyer et al). 1993;123:767-72
Blood preservation
Comparison of two preservation solutions for erythrocyte transfusions in newborn infants (Goodstein et al). 1993;123:783-8
Blood pressure
Arterial oxygenation and pulmonary arterial pressure in healthy neonates and infants at high altitude (Niermeyer et al). 1993;123:767-72
Blood pressure nomograms for children and adolescents, by height and age, in the United States (Rosner et al). 1993; 123:871-86
Blood transfusion
Changes of serum lactate concentration, cardiac output, and heart rate induced by blood transfusions in preterm infants (Möller et al) (Letter); (Izraeli and Davidson) (Reply). 1993;123:1016-7
Oxygen consumption–oxygen delivery relationship in children (Seear et al). 1993;123:208-14
Blood transfusion, intrauterine
Suppression of erythropoiesis by intrauterine transfusions in hemolytic disease of the newborn: use of erythropoietin to treat the late anemia (Scaradavou et al). 1993;123:279-84
Blood transfusion, intrauterine—cont'd
Body composition
Association among serum lipid and lipoprotein concentrations and physical activity, physical fitness, and body composition in young children (DuRant et al). 1993;123:185-92
Effect of intrauterine growth retardation on postnatal weight change in preterm infants (Bauer et al). 1993;123:301-6
Energy expenditure during walking and running in obese and nonobese prepubertal children (Maffeis et al). 1993;123:193-9
Body height
Blood pressure nomograms for children and adolescents, by height and age, in the United States (Rosner et al). 1993; 123:871-86
Clonidine treatment for short children (Castro-Magana et al) (Letter); (Allen) (Reply). 1993;123:172-3
Effect of human immunodeficiency virus infection on the growth of young children (McKinney et al). 1993;123:579-82 (CLO)
Final attained height in patients successfully treated for childhood acute lymphoblastic leukemia (Katz et al). 1993; 123:546-52
Final height after treatment for childhood acute lymphoblastic leukemia: comparison of no cranial irradiation with 1800 and 2400 centigrays of cranial irradiation (Sklar et al). 1993; 123:59-64
Growth response of children with non-growth-hormone deficiency and marked short stature during three years of growth hormone therapy (Hopwood et al). 1993;123:215-22
Incidence of celiac disease identified by the presence of serum endomysial antibodies in children with chronic diarrhea, short stature, or insulin-dependent diabetes mellitus (Rossi et al). 1993;123:262-4 (CLO)
Mild to moderate zinc deficiency in short children: effect of zinc supplementation on linear growth velocity (Nakamura et al). 1993;123:65-9
Symptomatic non-insulin-dependent diabetes mellitus during therapy with recombinant human growth hormone (Botero et al). 1993;123:590-2 (CLO)
Body weight
Effect of intrauterine growth retardation on postnatal weight change in preterm infants (Bauer et al). 1993;123:301-6
Bone density
Effect of hypogonadism and deficient calcium intake on bone density in patients with galactosemia (Kaufman et al). 1993;123:365-70
Growth and bone mineral status of discharged very low birth weight infants fed different formulas or human milk (Chan). 1993;123:439-43
Predictors of axial and peripheral bone mineral density in healthy children and adolescents, with special attention to the role of puberty (Rubin et al). 1993;123:863-70
Bone diseases
Malignant osteopetrosis treated with high doses of 1α-hydroxyvitamin D_3 (Kubo et al). 1993;123:264-8 (CLO)
Bone marrow transplantation
Bone marrow transplantation for leukemia (Bleyer et al) (Letter); (Pinkel) (Reply). 1993;123:492-3
Major histocompatibility complex class II deficiency: clinical manifestations, immunologic features, and outcome (Klein et al). 1993;123:921-8
Severe combined immunodeficiency: a retrospective single-center study of clinical presentation and outcome in 117 patients (Stephan et al). 1993;123:564-72
Bone mineral status; *see* Bone density
Bone neoplasms
Widespread hemangiomatosis of bone associated with rickets: recovery after irradiation (Amir et al). 1993;123:269-72 (CLO)

Bone resorption
Mineral balance and bone turnover in adolescents with anorexia nervosa (Abrams et al). 1993;123:326-31
Bone turnover; *see* Bone resorption
Book reviews
The book shelf. 1993;123:80, 142, 176, 332, 413-4, 576, 636
Bottle feeding
Breast-feeding of very low birth weight infants (Bier et al). 1993;123:773-8
Bottle weight; *see* Feeding behavior
Brain
Neuropsychologic effects of stroke in children with sickle cell anemia (Craft et al). 1993;123:712-7
Brain diseases
Dominantly inherited megalencephaly, muscle weakness, and myoliposis: a carnitine-deficient myopathy within the spectrum of the Ruvalcaba-Myhre-Smith syndrome (Powell et al). 1993;123:70-5
Transient ischemic cerebral lesions during induction chemotherapy for acute lymphoblastic leukemia (Pihko et al). 1993; 123:718-24
Breast-feeding
Breast-feeding of very low birth weight infants (Bier et al). 1993;123:773-8
Effects of passive smoking on respiratory illness from birth to age eighteen months, in Shanghai, People's Republic of China (Jin and Rossignol). 1993;123:553-8
Infant feeding and idiopathic intussusception (Pisacane et al). 1993;123:593-5 (CLO)
Relation of infant feeding practices, cigarette smoke exposure, and group child care to the onset and duration of otitis media with effusion in the first two years of life (Owen et al). 1993;123:702-11
Breathing movements; *see* Respiration
Bronchiolitis
Nebulized salbutamol versus racemic epinephrine in the treatment of infants with bronchiolitis (Carter and Moffitt) (Letter); (Chernick) (Reply). 1993;123:491-2
Bronchitis
Effects of passive smoking on respiratory illness from birth to age eighteen months, in Shanghai, People's Republic of China (Jin and Rossignol). 1993;123:553-8
Bronchoalveolar lavage fluid
Treatment of congenital alveolar proteinosis (Spock) (Letter); (Cornish) (Reply). 1993;123:495-6
Bronchopulmonary dysplasia
Beclomethasone for treating premature infants with bronchopulmonary dysplasia (Gal et al). 1993;123:490-1 (Letter)
A randomized, double-blind, placebo-controlled trial of recombinant erythropoietin in treatment of the anemia of bronchopulmonary dysplasia (Ohls et al). 1993;123:996-1000

C

Calcinosis
Idiopathic arterial calcification of infancy and pyrophosphate deficiency (Stuart). 1993;123:170-1 (Letter)
Calcium
Effect of hypogonadism and deficient calcium intake on bone density in patients with galactosemia (Kaufman et al). 1993; 123:365-70
Measurement of true absorption, endogenous fecal excretion, urinary excretion, and retention of calcium in term infants by using a dual-tracer, stable-isotope method (Hillman et al). 1993;123:444-56
Mineral balance and bone turnover in adolescents with anorexia nervosa (Abrams et al). 1993;123:326-31
Normal values for random urinary calcium to creatinine ratios in infancy (Sargent et al). 1993;123:393-7
Calcium—cont'd
Physiopathologic mechanism of hypercalciuria in renal glucosuria (Nieto et al) (Letter); (Trachtman et al) (Reply). 1993;123:668-9
Predictors of axial and peripheral bone mineral density in healthy children and adolescents, with special attention to the role of puberty (Rubin et al). 1993;123:863-70
Calcium metabolism disorders
Hypercalcemic phase of Williams syndrome (Bzdúch). 1993; 123:496 (Letter)
California
Cerebral palsy in four northern California counties, births 1983 through 1985 (Cummins et al). 1993;123:230-7
Canada
No resuscitation and withdrawal of therapy in a neonatal and a pediatric intensive care unit in Canada (Ryan et al). 1993;123:534-8
Cancer; *see* Neoplasms
Candida albicans
Failure of fluconazole treatment in *Candida* meningitis (Epelbaum et al) (Letter); (Walsh et al) (Reply). 1993;123:168-9
***Candida* meningitis; *see* Meningitis, bacterial**
Capillaries
Comparison of arterial and capillary bilirubin values in neonates with arterial lines (Langbaum et al). 1993;123:794-6 (CLO)
Carbamazepine
Prognostic factors in childhood epilepsy (Scheller) (Letter); (Camfield et al) (Reply). 1993;123:1019-20
Carbon dioxide
Increased respiratory drive as an inhibitor of oral feeding of preterm infants (Timms et al). 1993;123:127-31
Cardiac output
Changes of serum lactate concentration, cardiac output, and heart rate induced by blood transfusions in preterm infants (Möller et al) (Letter); (Izraeli and Davidson) (Reply). 1993;123:1016-7
Cardiomyopathy; *see* Myocardial diseases
Cardiotonic agents
Oxygen consumption–oxygen delivery relationship in children (Scear et al). 1993;123:208-14
Carnitine
Dominantly inherited megalencephaly, muscle weakness, and myoliposis: a carnitine-deficient myopathy within the spectrum of the Ruvalcaba-Myhre-Smith syndrome (Powell et al). 1993;123:70-5
Hepatotoxic effects in a child receiving valproate and carnitine (Murphy et al). 1993;123:318-20 (CLO)
Carrier proteins
Effect of insulin-like growth factor I on IGF binding proteins (Laron) (Letter); (Underwood) (Reply). 1993;123:169-70
Catheters, indwelling
Comparison of arterial and capillary bilirubin values in neonates with arterial lines (Langbaum et al). 1993;123:794-6 (CLO)
Cefixime
A randomized, double-blind study comparing cefixime and trimethoprim-sulfamethoxazole in the treatment of childhood shigellosis (Ashkenazi et al). 1993;123:817-21
Ceftriaxone
Comparative efficacy of two- and five-day courses of ceftriaxone for treatment of severe shigellosis in children (Eidlitz-Marcus et al). 1993;123:822-4 (CLO)
Celiac disease
Aminotransferase activity in celiac disease (Grimwood and Barnes) (Letter); (Pehlivanoglu et al) (Letter); (Vajro) (Reply). 1993;123:1017-9
Incidence of celiac disease identified by the presence of serum endomysial antibodies in children with chronic diarrhea, short stature, or insulin-dependent diabetes mellitus (Rossi et al). 1993;123:262-4 (CLO)

Celiac disease—cont'd
A new, rapid, noninvasive screening test for celiac disease (Not et al). 1993;123:425-7 (CLO)
Cerebral hemorrhage
A randomized, controlled trial of platelet transfusions in thrombocytopenic premature infants (Andrew et al). 1993; 123:285-91
Cerebral ischemia, transient
Transient ischemic cerebral lesions during induction chemotherapy for acute lymphoblastic leukemia (Pihko et al). 1993; 123:718-24
Cerebral palsy
Cerebral palsy in four northern California counties, births 1983 through 1985 (Cummins et al). 1993;123:230-7
Prevalence of cerebral palsy among ten-year-old children in metropolitan Atlanta, 1985 through 1987 (Murphy et al). 1993;123:S13-20
Cerebrovascular disorders
Neuropsychologic effects of stroke in children with sickle cell anemia (Craft et al). 1993;123:712-7
Charcot-Marie disease
Hereditary motor-sensory neuropathy (Charcot-Marie-Tooth disease) with nerve deafness: a new variant of disease (Hamiel et al). 1993;123:431-4 (CLO)
Chemotherapy; *see* Drug therapy
Chickenpox
Severe chickenpox after intranasal use of corticosteroids (Abzug and Cotton). 1993;123:577-9 (CLO)
Child, preschool
Decision rules for predicting vaccination status of preschool-age emergency department patients (Humiston et al). 1993; 123:887-92
Child care
Relation of infant feeding practices, cigarette smoke exposure, and group child care to the onset and duration of otitis media with effusion in the first two years of life (Owen et al). 1993;123:702-11
Child development
Early educational intervention for very low birth weight infants: results from the Infant Health and Development Program (McCormick et al). 1993;123:527-33
Child development disorders
Clinical Adaptive Test/Clinical Linguistic Auditory Milestone Scale in early cognitive assessment (Hoon et al). 1993;123: S1-8
Reversible Fanconi syndrome associated with valproate therapy (Lande et al). 1993;123:320-2 (CLO)
Children's Memorial Hospital Institutional Review Board
A policy regarding research in healthy children (Gidding et al). 1993;123:852-5
Chlorpromazine
Chlorpromazine with and without lorazepam as antiemetic therapy in children receiving uniform chemotherapy (Relling et al). 1993;123:811-6
Chlorpyrifos; *see* Dursban
Cholesterol
Lysinuric protein intolerance at presentation with chronic interstitial lung disease and pulmonary cholesterol granulomas (Kerem et al). 1993;123:275-8 (CLO)
Cholesterol, dietary
School lunch: a comparison of the fat and cholesterol content with dietary guidelines (Whitaker et al). 1993;123:857-62
Chorea
Diagnostic use of B-cell alloantigen D8/17 in rheumatic chorea (Feldman et al). 1993;123:84-6 (CLO)
Chromosome abnormalities
Autosomal dominant transmission of the Pallister-Hall syndrome (Topf et al). 1993;123:943-6 (CLO)
Denys-Drash syndrome: relating a clinical disorder to genetic
Chromosome abnormalities—cont'd
alterations in the tumor suppressor gene *WT1* (Coppes et al). 1993;123:673-8
Variable phenotypes in velocardiofacial syndrome with chromosomal deletion (Motzkin et al). 1993;123:406-10
Chronic disease
Response to *Haemophilus influenzae* type b conjugate vaccine in chronically ill premature infants (Washburn et al). 1993; 123:791-4 (CLO)
Chronic interstitial lung disease; *see* Pulmonary fibrosis
Cigarette smoke; *see* Smoking
Circulation; *see* Blood circulation
Citrulline
Management of neonatal citrullinemia (Sanjurjo and Rodriguez-Soriano) (Letter); (Melnyk) (Reply). 1993;123:838-9
Cleft palate
Variable phenotypes in velocardiofacial syndrome with chromosomal deletion (Motzkin et al). 1993;123:406-10
Clinical Adaptive Test/Clinical Linguistic Auditory Milestone Scale
Clinical Adaptive Test/Clinical Linguistic Auditory Milestone Scale in early cognitive assessment (Hoon et al). 1993;123:S1-8
Clonidine
Clonidine treatment for short children (Castro-Magana et al) (Letter); (Allen) (Reply). 1993;123:172-3
Cocaine
Rapid cocaine screening of urine in a newborn nursery (Welch et al). 1993;123:468-70 (CLO)
Relationship of maternal substance abuse to subsequent sudden infant death syndrome in offspring (Kandall et al). 1993; 123:120-6
Codeine
Efficacy of cough suppressants (Wilson) (Letter); (Taylor) (Reply). 1993;123:842
Colic
Herbal teas for colic (Barr) (Letter); (Bergeson) (Letter); (Weizman et al) (Reply). 1993;123:669-71
Compliance
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7
Congenital alveolar proteinosis; *see* Pulmonary alveolar proteinosis
Congenital hyperinsulinism; *see* Hyperinsulinism
Congenital syphilis; *see* Syphilis, congenital
Connective tissue diseases
Determination of the urinary D/L *trans*-3-hydroxyproline ratio: a noninvasive screening test for Alport syndrome (Lubec and Arbeiter). 1993;123:748-51 (CLO)
Convulsions, febrile
Prevalence of urinary tract infection in febrile infants (Hoberman et al). 1993;123:17-23
Copper
Copper-histidine therapy for Menkes disease (Sarkar et al). 1993;123:828-30 (CLO)
Cord blood; *see* Fetal blood
Coronary aneurysm
Detection of Epstein-Barr virus DNA in cardiac and aortic tissues from chronic, active Epstein-Barr virus infection associated with Kawasaki disease–like coronary artery aneurysms (Kikuta et al). 1993;123:90-2 (CLO)
Coronary disease
Lipoprotein(a) and apolipoproteins B and A-1 in children and coronary vascular events in their grandparents (Wilcken et al). 1993;123:519-26
Corrections
Comparison of acellular (B type) and whole-cell pertussis-component diphtheria-tetanus-pertussis vaccines as the first booster immunization in 15- to 24-month-old children (Feldman et al) (1992;121:857-61). 1993;123:842

Correspondence
Letters. 1993;123:167-75, 333-6, 489-96, 667-72, 837-42, 1015-20
Corticosteroids; *see* Adrenal cortex hormones
Cost-benefit analysis
Cost effects of surfactant therapy for neonatal respiratory distress syndrome (Phibbs et al). 1993;123:953-62
Pediatric critical care and hospital costs under reimbursement by diagnosis-related group: effect of clinical and demographic characteristics (Pon et al). 1993;123:355-64
Prospective payment and pediatric intensive care (Fiser). 1993;123:411-2 (Editor's column)
Cough
Efficacy of cough suppressants (Wilson) (Letter); (Taylor) (Reply). 1993;123:842
Cranial irradiation
Final attained height in patients successfully treated for childhood acute lymphoblastic leukemia (Katz et al). 1993; 123:546-52
Final height after treatment for childhood acute lymphoblastic leukemia: comparison of no cranial irradiation with 1800 and 2400 centigrays of cranial irradiation (Sklar et al). 1993; 123:59-64
Creatinine
Normal values for random urinary calcium to creatinine ratios in infancy (Sargent et al). 1993;123:393-7
Urinary oxalate and glycolate excretion patterns in the first year of life: a longitudinal study (Morgenstern et al). 1993; 123:248-51
Critical care
Pediatric critical care and hospital costs under reimbursement by diagnosis-related group: effect of clinical and demographic characteristics (Pon et al). 1993;123:355-64
Cryptosporidium
Azithromycin for treatment of severe *Cryptosporidium* diarrhea in two children with cancer (Vargas et al). 1993;123:154-6 (CLO)
Cystic fibrosis
Chronic intestinal pseudo-obstruction with meconium ileus at onset (Wilcox et al). 1993;123:751-2 (CLO)
Digestive-tract cancer in cystic fibrosis (Miller) (Letter); (FitzSimmons) (Reply). 1993;123:172
Source of *Pseudomonas cepacia*: ribotyping of isolates from patients and from the environment (Fisher et al). 1993;123:745-7 (CLO)
Cytomegaloviruses
Congenital cytomegalovirus infection and neonatal auditory screening (Hicks et al). 1993;123:779-82

D

Dance
Dance: an art form, not a sport (Steeg). 1993;123:333 (Letter)
Darrow DC
Daniel C. Darrow (Hellerstein). 1993;123:833-6 (Profiles)
Day care
Outbreaks of astrovirus gastroenteritis in day care centers (Mitchell et al). 1993;123:725-32
Relation of infant feeding practices, cigarette smoke exposure, and group child care to the onset and duration of otitis media with effusion in the first two years of life (Owen et al). 1993;123:702-11
Deafness
Hereditary motor-sensory neuropathy (Charcot-Marie-Tooth disease) with nerve deafness: a new variant of disease (Hamiel et al). 1993;123:431-4 (CLO)
Death; *see also* Mortality
Death from a morphine infusion during a sickle cell crisis (Gerber and Apseloff). 1993;123:322-5 (CLO)
No resuscitation and withdrawal of therapy in a neonatal and a
Death—cont'd
pediatric intensive care unit in Canada (Ryan et al). 1993;123:534-8
Decision making
Decision rules for predicting vaccination status of preschool-age emergency department patients (Humiston et al). 1993; 123:887-92
Delayed-release preparations
Local reactions to depot leuprolide therapy for central precocious puberty (Manasco et al) (Letter); (Neely et al) (Reply). 1993;123:334-5
Delta infection
Alpha interferon therapy in children with chronic active hepatitis B and delta virus infection (Kay et al). 1993;123:1001-4 (CLO)
Denys-Drash syndrome
Denys-Drash syndrome: relating a clinical disorder to genetic alterations in the tumor suppressor gene *WT1* (Coppes et al). 1993;123:673-8
Depot preparations; *see* Delayed-release preparations
Deuterium
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7
Measurement of nutrient intake by deuterium dilution in premature infants (Peppard et al). 1993;123:457-62
Dexamethasone
Interleukin-8 in pulmonary effluent fluid of preterm infants (Groneck and Speer). 1993;123:839-40 (Letter)
Dextromethorphan
Efficacy of cough suppressants (Wilson) (Letter); (Taylor) (Reply). 1993;123:842
Diabetes mellitus, insulin-dependent
Distinction between transient hyperglycemia and early insulin-dependent diabetes mellitus in childhood: a prospective study of incidence and prognostic factors (Herskowitz-Dumont et al). 1993;123:347-54
First-phase insulin release in normal children (Allen et al). 1993;123:733-8
Incidence of celiac disease identified by the presence of serum endomysial antibodies in children with chronic diarrhea, short stature, or insulin-dependent diabetes mellitus (Rossi et al). 1993;123:262-4 (CLO)
Insulin dependency after transient neonatal diabetes (Edidin). 1993;123:1019 (Letter)
Diabetes mellitus, non-insulin-dependent
Symptomatic non-insulin-dependent diabetes mellitus during therapy with recombinant human growth hormone (Botero et al). 1993;123:590-2 (CLO)
Diagnosis
Niemann-Pick disease type C: diagnosis and outcome in children, with particular reference to liver disease (Kelly et al). 1993;123:242-7
Diagnosis-related groups
Pediatric critical care and hospital costs under reimbursement by diagnosis-related group: effect of clinical and demographic characteristics (Pon et al). 1993;123:355-64
Prospective payment and pediatric intensive care (Fiser). 1993;123:411-2 (Editor's column)
Diarrhea
Azithromycin for treatment of severe *Cryptosporidium* diarrhea in two children with cancer (Vargas et al). 1993;123:154-6 (CLO)
Incidence of celiac disease identified by the presence of serum endomysial antibodies in children with chronic diarrhea, short stature, or insulin-dependent diabetes mellitus (Rossi et al). 1993;123:262-4 (CLO)
Outbreaks of astrovirus gastroenteritis in day care centers (Mitchell et al). 1993;123:725-32
Transient methemoglobinemia, diarrhea, and dietary protein intolerance (Dagan). 1993;123:667 (Letter)

Dichloroacetate
Transient improvement of congenital lactic acidosis in a male infant with pyruvate decarboxylase deficiency treated with dichloroacetate (Tóth et al). 1993;123:427-30 (CLO)
Didanosine
High-level resistance to zidovudine but not to zalcitabine or didanosine in human immunodeficiency virus from children receiving antiretroviral therapy (Husson et al). 1993;123:9-16
Diet
Effect of soy protein diet versus standard low fat, low cholesterol diet on lipid and lipoprotein levels in children with familial or polygenic hypercholesterolemia (Widhalm et al). 1993; 123:30-4
Familial combined hyperlipidemia in children: clinical expression, metabolic defects, and management (Cortner et al). 1993;123:177-84
Galactosemia: the uridine diphosphate galactose deficiency–uridine treatment controversy (Holton et al). 1993; 123:1009-14
Randomized, double-blind, placebo-controlled, two-period crossover clinical trial of psyllium fiber in children with hypercholesterolemia (Dennison and Levine). 1993;123:24-9
School lunch: a comparison of the fat and cholesterol content with dietary guidelines (Whitaker et al). 1993;123:857-62
Diet therapy
Management of neonatal citrullinemia (Sanjurjo and Rodríguez-Soriano) (Letter); (Melnyk) (Reply). 1993;123:838-9
Dietary fats
School lunch: a comparison of the fat and cholesterol content with dietary guidelines (Whitaker et al). 1993;123:857-62
Dietary proteins
Transient methemoglobinemia, diarrhea, and dietary protein intolerance (Dagan). 1993;123:667 (Letter)
Digestive system neoplasms
Digestive-tract cancer in cystic fibrosis (Miller) (Letter); (FitzSimmons) (Reply). 1993;123:172
Dinoprostone
Treatment of hyperprostaglandin E syndrome with indomethacin (Bétend and David). 1993;123:334 (Letter)
DNA
Detection of Epstein-Barr virus DNA in cardiac and aortic tissues from chronic, active Epstein-Barr virus infection associated with Kawasaki disease–like coronary artery aneurysms (Kikuta et al). 1993;123:90-2 (CLO)
DNA, mitochondrial
Identical mitochondrial DNA deletion in mother with progressive external ophthalmoplegia and son with Pearson marrow-pancreas syndrome (Bernes et al). 1993;123:598-602 (CLO)
Dopamine
Effect of dopamine on indomethacin-induced impairment of renal function in preterm neonates (Seri) (Letter); (Fajardo et al) (Reply). 1993;123:167-8
Dose-response relationship, drug
Efficacy of albuterol administered by nebulizer versus spacer device in children with acute asthma (Kerem et al). 1993; 123:313-7
Evaluation of secondary prophylactic schemes, based on benzathine penicillin G, for rheumatic fever in children (Meira et al). 1993;123:156-8 (CLO)
Evaluation of three theophylline dosing equations for use in infants up to one year of age (Hogue and Phelps). 1993;123:651-6
Growth response of children with non-growth-hormone deficiency and marked short stature during three years of growth hormone therapy (Hopwood et al). 1993;123:215-22
Doubly labeled water
Daily energy expenditure by five-year-old children, measured by doubly labeled water (Fontvieille et al). 1993;123:200-7
Down syndrome
Growth hormone for children with Down syndrome (Allen et al). 1993;123:742-3 (Editor's column)
Down syndrome—cont'd
Hearing loss in children with Down syndrome (Roizen et al). 1993;123:S9-12
Drug resistance
Development and significance of zidovudine resistance in children infected with human immunodeficiency virus (Ogino et al). 1993;123:1-8
High-level resistance to zidovudine but not to zalcitabine or didanosine in human immunodeficiency virus from children receiving antiretroviral therapy (Husson et al). 1993;123:9-16
Drug therapy
Bone marrow transplantation for leukemia (Bleyer et al) (Letter); (Pinkel) (Reply). 1993;123:492-3
Chlorpromazine with and without lorazepam as antiemetic therapy in children receiving uniform chemotherapy (Relling et al). 1993;123:811-6
Transient ischemic cerebral lesions during induction chemotherapy for acute lymphoblastic leukemia (Pihko et al). 1993; 123:718-24
Dual-tracer, stable-isotope method; *see* Isotopes
Duffy blood-group system
Hereditary motor-sensory neuropathy (Charcot-Marie-Tooth disease) with nerve deafness: a new variant of disease (Hamiel et al). 1993;123:431-4 (CLO)
Duodenal ulcer
Treatment and long-term follow-up of *Helicobacter pylori*–associated duodenal ulcer disease in children (Israel and Hassall). 1993;123:53-8
Durshan
Organophosphate-induced delayed polyneuropathy (Gutmann and Bodensteiner) (Letter); (Aiuto et al) (Reply). 1993; 123:837
Dysentery, bacillary
Comparative efficacy of two- and five-day courses of ceftriaxone for treatment of severe shigellosis in children (Eidlitz-Marcus et al). 1993;123:822-4 (CLO)
A randomized, double-blind study comparing cefixime and trimethoprim-sulfamethoxazole in the treatment of childhood shigellosis (Ashkenazi et al). 1993;123:817-21

E

Echocardiography, Doppler
Early changes in the neonatal circulatory transition (Walther et al). 1993;123:625-32
Education
Early educational intervention for very low birth weight infants: results from the Infant Health and Development Program (McCormick et al). 1993;123:527-33
Eliot, Martha May
Martha May Eliot (Lesser). 1993;123:162-5 (Profiles)
Emergency medical services
Decision rules for predicting vaccination status of preschool-age emergency department patients (Humiston et al). 1993; 123:887-92
Encephalitis
Rapid diagnosis of herpes simplex virus encephalitis by using the polymerase chain reaction (Troendle-Atkins et al). 1993; 123:376-80
Unsuspected varicella-zoster virus encephalitis in a child with acquired immunodeficiency syndrome (Silliman et al). 1993;123:418-22 (CLO)
Encephalomyelopathy; *see* Leigh disease
Endocrine diseases
Severe endocrine and nonendocrine manifestations of the McCune-Albright syndrome associated with activating mutations of stimulatory G protein G_s (Shenker et al). 1993;123:509-18
Endogenous fecal excretion; *see* Feces
Endomysial antibodies; *see* Antibodies
Endothelins
Elevated immunoreactive endothelin-1 levels in newborn infants

Endothelins—cont'd
with persistent pulmonary hypertension (Rosenberg et al). 1993;123:109-14
Energy metabolism
Daily energy expenditure by five-year-old children, measured by doubly labeled water (Fontvieille et al). 1993;123:200-7
Energy expenditure during walking and running in obese and nonobese prepubertal children (Maffeis et al). 1993;123:193-9
Enteral nutrition
Percutaneous gastrojejunostomy versus Nissen fundoplication for enteral feeding of the neurologically impaired child with gastroesophageal reflux (Albanese et al). 1993;123:371-5
Enterocolitis, pseudomembranous
Concentrated formula and necrotizing enterocolitis (Bustamante et al) (Letter); (Wilcox and Glick) (Reply). 1993;123:174-5
Environment
Source of *Pseudomonas cepacia*: ribotyping of isolates from patients and from the environment (Fisher et al). 1993;123:745-7 (CLO)
Environmental tobacco smoke; *see* Tobacco smoke pollution
Eosinophilia
A fifteen-year-old boy with eosinophilia and pulmonary infiltrates (O'Sullivan et al). 1993;123:660-6
Epilepsy
Benign familial infantile epilepsy (Lee et al). 1993;123:588-90 (CLO)
Prognostic factors in childhood epilepsy (Scheller) (Letter); (Camfield et al) (Reply). 1993;123:1019-20
Epinephrine
Nebulized salbutamol versus racemic epinephrine in the treatment of infants with bronchiolitis (Carter and Moffitt) (Letter); (Chernick) (Reply). 1993;123:491-2
Oxygen consumption–oxygen delivery relationship in children (Seear et al). 1993;123:208-14
Epstein-Barr virus
Detection of Epstein-Barr virus DNA in cardiac and aortic tissues from chronic, active Epstein-Barr virus infection associated with Kawasaki disease–like coronary artery aneurysms (Kikuta et al). 1993;123:90-2 (CLO)
Erythroblastosis, fetal
Suppression of erythropoiesis by intrauterine transfusions in hemolytic disease of the newborn: use of erythropoietin to treat the late anemia (Scaradavou et al). 1993;123:279-84
Erythrocyte transfusion; *see* Blood component transfusion
Erythrocytes
Measurements of uridine diphosphate hexoses in galactosemia (Ng et al) (Letter); (Kirkman and Clemons) (Reply). 1993;123:1015
Pseudoporphyria versus porphyria cutanea tarda (Anderson) (Letter); (Harvey et al) (Reply). 1993;123:841-2
Uridine diphosphoglucose content of human erythrocytes: assessment by conversion to uridine diphosphoglucuronate (Gibson et al). 1993;123:906-14
Erythropoietin
A randomized, double-blind, placebo-controlled trial of recombinant erythropoietin in treatment of the anemia of bronchopulmonary dysplasia (Ohls et al). 1993;123:996-1000
Suppression of erythropoiesis by intrauterine transfusions in hemolytic disease of the newborn: use of erythropoietin to treat the late anemia (Scaradavou et al). 1993;123:279-84
Esophagitis
Efficacy and safety of omeprazole for severe gastroesophageal reflux in children (Gunasekaran and Hassall). 1993;123:148-54
Ethics
No resuscitation and withdrawal of therapy in a neonatal and a pediatric intensive care unit in Canada (Ryan et al). 1993; 123:534-8
A policy regarding research in healthy children (Gidding et al). 1993;123:852-5
Ethnic groups
Prevalence of von Willebrand disease in children: a multiethnic study (Werner et al). 1993;123:893-8
Etidronate disodium
Idiopathic arterial calcification of infancy and pyrophosphate deficiency (Stuart). 1993;123:170-1 (Letter)
Evoked potentials, auditory, brain stem
Hearing loss in children with Down syndrome (Roizen et al). 1993;123:S9-12
Exercise
Association among serum lipid and lipoprotein concentrations and physical activity, physical fitness, and body composition in young children (DuRant et al). 1993;123:185-92
Daily energy expenditure by five-year-old children, measured by doubly labeled water (Fontvieille et al). 1993;123:200-7
Oxygen consumption–oxygen delivery relationship in children (Seear et al). 1993;123:208-14
Predictors of axial and peripheral bone mineral density in healthy children and adolescents, with special attention to the role of puberty (Rubin et al). 1993;123:863-70
Exogenous surfactant therapy; *see* Surface-active agents
Extracorporeal membrane oxygenation
Clinical responses to prolonged treatment of persistent pulmonary hypertension of the newborn with low doses of inhaled nitric oxide (Kinsella et al). 1993;123:103-8
Predictors of outcome of severe respiratory syncytial virus–associated respiratory failure treated with extracorporeal membrane oxygenation (Moler et al). 1993;123:46-52
Treatment of congenital alveolar proteinosis (Spock) (Letter); (Cornish) (Reply). 1993;123:495-6
Extremely low birth weight infant; *see* Infant, low birth weight

F

Familial combined hyperlipidemia; *see* Hyperlipidemia, familial combined
Familial hypercholesterolemia; *see* Hypercholesterolemia
Family
Horizontal transmission of hepatitis C virus in households of infected children (Camarero et al). 1993;123:98-9 (CLO)
Lipoprotein(a) and apolipoproteins B and A-1 in children and coronary vascular events in their grandparents (Wilcken et al). 1993;123:519-26
Fanconi syndrome
Reversible Fanconi syndrome associated with valproate therapy (Lande et al). 1993;123:320-2 (CLO)
Fat; *see* Dietary fats
Fat necrosis
Subcutaneous fat necrosis in a neonate, in association with aberrant plasma lipid and lipoprotein values (Vonk et al). 1993;123:462-4 (CLO)
Feces
Measurement of true absorption, endogenous fecal excretion, urinary excretion, and retention of calcium in term infants by using a dual-tracer, stable-isotope method (Hillman et al). 1993;123:444-56
Feeding behavior
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7
Increased respiratory drive as an inhibitor of oral feeding of preterm infants (Timms et al). 1993;123:127-31
Infant feeding and idiopathic intussusception (Pisacane et al). 1993;123:593-5 (CLO)
Relation of infant feeding practices, cigarette smoke exposure, and group child care to the onset and duration of otitis media with effusion in the first two years of life (Owen et al). 1993;123:702-11

Ferritin
Iron overload in children receiving prolonged parenteral nutrition (Hariz et al). 1993;123:238-41
Fetal blood
Lymphocyte subpopulations in healthy newborn infants: comparison of cord blood values with values five days after birth (Raes et al). 1993;123:465-7 (CLO)
A rapid test for the detection of human immunodeficiency virus antibodies in cord blood (Suarez et al). 1993;123:259-61 (CLO)
Transplacental passage of fluorides (Gupta et al). 1993; 123:139-41 (CLO)
Fetal growth retardation
Effect of intrauterine growth retardation on postnatal weight change in preterm infants (Bauer et al). 1993;123:301-6
Effects of birth order, gender, and intrauterine growth retardation on the outcome of very low birth weight in twins (Chen et al). 1993;123:132-6
Growth and neurodevelopmental outcome of very low birth weight infants with intrauterine growth retardation: comparison with control subjects matched by birth weight and gestational age (Sung et al). 1993;123:618-24
Fever
Gamma globulin re-treatment in Kawasaki disease (Sundel et al). 1993;123:657-9 (CLO)
Identifying febrile infants at risk for a serious bacterial infection (Baskin et al) (Letter); (Klassen and Rowe) (Reply). 1993; 123:489-90
Prevalence of urinary tract infection in febrile infants (Hoberman et al). 1993;123:17-23
Fibromyalgia
Rheumatic symptoms associated with hypothyroidism in children (Keenan et al). 1993;123:586-8 (CLO)
Fibrous dysplasia, polyostotic
Severe endocrine and nonendocrine manifestations of the McCune-Albright syndrome associated with activating mutations of stimulatory G protein G_s (Shenker et al). 1993;123:509-18
Filtration
Effect of filtration on fluoride concentrations in water (Byrd et al). 1993;123:838 (Letter)
First year of life; *see* Infant
Fluconazole
Failure of fluconazole treatment in *Candida* meningitis (Epelbaum et al) (Letter); (Walsh et al) (Reply). 1993;123:168-9
Fluorides
Effect of filtration on fluoride concentrations in water (Byrd et al). 1993;123:838 (Letter)
Transplacental passage of fluorides (Gupta et al). 1993; 123:139-41 (CLO)
Foreign language
Errors in citations in foreign languages (Strauss) (Letter); (Garfunkel) (Reply). 1993;123:336
Formula; *see* Infant food
Free thyroxine; *see* Thyroxine

G

G-proteins
Severe endocrine and nonendocrine manifestations of the McCune-Albright syndrome associated with activating mutations of stimulatory G protein G_s (Shenker et al). 1993;123:509-18
Galactosemia
Effect of hypogonadism and deficient calcium intake on bone density in patients with galactosemia (Kaufman et al). 1993;123:365-70
Galactosemia: the uridine diphosphate galactose deficiency–uridine treatment controversy (Holton et al). 1993; 123:1009-14
Galactosemia—cont'd
Measurements of uridine diphosphate hexoses in galactosemia (Ng et al) (Letter); (Kirkman and Clemons) (Reply). 1993; 123:1015
Uridine diphosphoglucose content of human erythrocytes: assessment by conversion to uridine diphosphoglucuronate (Gibson et al). 1993;123:906-14
Gamma globulins
Gamma globulin re-treatment in Kawasaki disease (Sundel et al). 1993;123:657-9 (CLO)
Immune globulin administration as an approach to prevention of acute otitis media (Gray). 1993;123:739-41 (Editor's column)
Gastroenteritis
Outbreaks of astrovirus gastroenteritis in day care centers (Mitchell et al). 1993;123:725-32
Gastroesophageal reflux
Efficacy and safety of omeprazole for severe gastroesophageal reflux in children (Gunasekaran and Hassall). 1993; 123:148-54
Percutaneous gastrojejunostomy versus Nissen fundoplication for enteral feeding of the neurologically impaired child with gastroesophageal reflux (Albanese et al). 1993;123:371-5
Gastrojejunostomy; *see* Jejunostomy
Gastrostomy
Percutaneous gastrojejunostomy versus Nissen fundoplication for enteral feeding of the neurologically impaired child with gastroesophageal reflux (Albanese et al). 1993;123:371-5
Gender; *see* Sex
Genes, suppressor, tumor
Denys-Drash syndrome: relating a clinical disorder to genetic alterations in the tumor suppressor gene *WT1* (Coppes et al). 1993;123:673-8
Genetics
Denys-Drash syndrome: relating a clinical disorder to genetic alterations in the tumor suppressor gene *WT1* (Coppes et al). 1993;123:673-8
Gestational age
Expected duration of hospital stay of low birth weight infants: graphic depiction in relation to birth weight and gestational age (Rawlings et al). 1993;123:307-9 (CLO)
Growth and neurodevelopmental outcome of very low birth weight infants with intrauterine growth retardation: comparison with control subjects matched by birth weight and gestational age (Sung et al). 1993;123:618-24
Gitelman syndrome
Gitelman versus classic Bartter syndrome (Stahl and Vaara) (Letter); (Bettinelli et al) (Reply). 1993;123:671-2
Globulins
Thyroxine-binding globulin deficiency misdiagnosed as hypothyroidism (Arisaka et al). 1993;123:333-4 (Letter)
Glomerulonephritis, membranous
Membranous nephropathy in two human leukocyte antigen–identical brothers (Elshihabi et al). 1993;123:940-2 (CLO)
Glucagon
The enigma of persistent hyperinsulinemic hypoglycemia of infancy (Daneman and Ehrlich). 1993;123:573-5 (Editor's column)
Glucocorticoids
Hypoprothrombinemia and severe hemorrhage associated with a lupus anticoagulant (Bernini et al). 1993;123:937-9 (CLO)
Glucose
The enigma of persistent hyperinsulinemic hypoglycemia of infancy (Daneman and Ehrlich). 1993;123:573-5 (Editor's column)
Glucose tolerance test
First-phase insulin release in normal children (Allen et al). 1993;123:733-8
Glycine
Atypical nonketotic hyperglycinemia confirmed by assay of the

Glycine—cont'd
glycine cleavage system in lymphoblasts (Christodoulou et al). 1993;123:100-2 (CLO)
Glycogen storage disease type I
Treatment with glycosylated recombinant human granulocyte colony-stimulating factor and orthotopic liver transplantation for glycogen storage disease type Ib (Lachaux et al). 1993;123:1005-8 (CLO)
Glycolates
Urinary oxalate and glycolate excretion patterns in the first year of life: a longitudinal study (Morgenstern et al). 1993;123:248-51
Glycosuria, renal
Physiopathologic mechanism of hypercalciuria in renal glucosuria (Nieto et al) (Letter); (Trachtman et al) (Reply). 1993;123:668-9
Glycosylation
Treatment with glycosylated recombinant human granulocyte colony-stimulating factor and orthotopic liver transplantation for glycogen storage disease type Ib (Lachaux et al). 1993;123:1005-8 (CLO)
Graft-vs-host disease
Multiple areas of intestinal atresia associated with immunodeficiency and posttransfusion graft-versus-host disease (Walker et al). 1993;123:93-5 (CLO)
Grandparents; *see* Family
Granulocyte colony-stimulating factor
Disposition of recombinant human granulocyte colony-stimulating factor in children with severe chronic neutropenia (Kearns et al). 1993;123:471-9
Treatment with glycosylated recombinant human granulocyte colony-stimulating factor and orthotopic liver transplantation for glycogen storage disease type Ib (Lachaux et al). 1993;123:1005-8 (CLO)
Granuloma
Lysinuric protein intolerance at presentation with chronic interstitial lung disease and pulmonary cholesterol granulomas (Kerem et al). 1993;123:275-8 (CLO)
Group B streptococci; *see* Streptococcus agalactiae
Group child care; *see* Child care
Growth
Effect of human immunodeficiency virus infection on the growth of young children (McKinney et al). 1993;123:579-82 (CLO)
Growth and bone mineral status of discharged very low birth weight infants fed different formulas or human milk (Chan). 1993;123:439-43
Growth and neurodevelopmental outcome of very low birth weight infants with intrauterine growth retardation: comparison with control subjects matched by birth weight and gestational age (Sung et al). 1993;123:618-24
Mild to moderate zinc deficiency in short children: effect of zinc supplementation on linear growth velocity (Nakamura et al). 1993;123:65-9
Growth disorders
Dance: an art form, not a sport (Steeg). 1993;123:333 (Letter)
Growth response of children with non-growth-hormone deficiency and marked short stature during three years of growth hormone therapy (Hopwood et al). 1993;123:215-22
Growth hormone; *see* Somatotropin
Guaiacol glycerol ether
Efficacy of cough suppressants (Wilson) (Letter); (Taylor) (Reply). 1993;123:842
Guthrie cards
Identifying human immunodeficiency virus infection at birth: application of polymerase chain reaction to Guthrie cards (Comeau et al). 1993;123:252-8
Gymnastics
Dance: an art form, not a sport (Steeg). 1993;123:333 (Letter)

H

Haemophilus influenzae
Response to *Haemophilus influenzae* type b conjugate vaccine in chronically ill premature infants (Washburn et al). 1993;123:791-4 (CLO)
Hearing disorders
Hearing loss in children with Down syndrome (Roizen et al). 1993;123:S9-12
Hearing tests
Congenital cytomegalovirus infection and neonatal auditory screening (Hicks et al). 1993;123:779-82
Heart diseases
Detection of Epstein-Barr virus DNA in cardiac and aortic tissues from chronic, active Epstein-Barr virus infection associated with Kawasaki disease–like coronary artery aneurysms (Kikuta et al). 1993;123:90-2 (CLO)
Variable phenotypes in velocardiofacial syndrome with chromosomal deletion (Motzkin et al). 1993;123:406-10
Heart rate
Changes of serum lactate concentration, cardiac output, and heart rate induced by blood transfusions in preterm infants (Möller et al) (Letter); (Izraeli and Davidson) (Reply). 1993;123:1016-7
Home event recordings of oxygenation, breathing movements, and heart rate and rhythm in infants with recurrent life-threatening events (Poets et al). 1993;123:693-701
Heart surgery
Oxygen consumption–oxygen delivery relationship in children (Seear et al). 1993;123:208-14
Height; *see* Body height
Helicobacter pylori
Treatment and long-term follow-up of *Helicobacter pylori*–associated duodenal ulcer disease in children (Israel and Hassall). 1993;123:53-8
Hemagglutinins
Immunogenicity of an acellular pertussis vaccine composed of genetically inactivated pertussis toxin combined with filamentous hemagglutinin and pertactin in infants and children (Podda et al). 1993;123:81-4 (CLO)
Hemangioma
Widespread hemangiomatosis of bone associated with rickets: recovery after irradiation (Amir et al). 1993;123:269-72 (CLO)
Hemangiomatosis of bone; *see* Bone neoplasms
Hematologic tests
Pseudoporphyria versus porphyria cutanea tarda (Anderson) (Letter); (Harvey et al) (Reply). 1993;123:841-2
Hemodynamics
Pulmonary hemodynamics after synthetic surfactant replacement in neonatal respiratory distress syndrome (Kääpä et al). 1993;123:115-9
Hemoglobin, sickle
Death from a morphine infusion during a sickle cell crisis (Gerber and Apseloff). 1993;123:322-5 (CLO)
Hemoglobin SC disease
Alveolar-arterial oxygen gradient in acute chest syndrome of sickle cell disease (Emre et al). 1993;123:272-5 (CLO)
Hemolytic disease of newborn; *see* Erythroblastosis, fetal
Hemophagocytic syndrome; *see* Histiocytosis, non-Langerhans-cell
Hemophilia
Hepatitis C virus infection in children with hemophilia: characterization of antibody response to four different antigens and relationship of antibody response, viremia, and hepatic dysfunction (Kanesaki et al). 1993;123:381-7
Utility of magnetic resonance imaging for management of hemophilic arthropathy in children (Nuss et al). 1993;123:388-92

Hemorrhage
Hypoprothrombinemia and severe hemorrhage associated with a lupus anticoagulant (Bernini et al). 1993;123:937-9 (CLO)
Prevalence of von Willebrand disease in children: a multiethnic study (Werner et al). 1993;123:893-8
Pulmonary hemorrhage and exogenous surfactant therapy: a metaanalysis (Raju and Langenberg). 1993;123:603-10
Hepatic dysfunction; *see* Liver diseases
Hepatitis antibodies
Horizontal transmission of hepatitis C virus in households of infected children (Camarero et al). 1993;123:98-9 (CLO)
Hepatitis B e antigens
Selection of a precore mutant of hepatitis B virus and reactivation of chronic hepatitis B acquired in childhood (Bortolotti et al). 1993;123:583-5 (CLO)
Hepatitis B virus
Alpha interferon therapy in children with chronic active hepatitis B and delta virus infection (Kay et al). 1993;123:1001-4 (CLO)
Selection of a precore mutant of hepatitis B virus and reactivation of chronic hepatitis B acquired in childhood (Bortolotti et al). 1993;123:583-5 (CLO)
Hepatitis C virus
Hepatitis C virus infection in children with hemophilia: characterization of antibody response to four different antigens and relationship of antibody response, viremia, and hepatic dysfunction (Kanesaki et al). 1993;123:381-7
Horizontal transmission of hepatitis C virus in households of infected children (Camarero et al). 1993;123:98-9 (CLO)
Hepatotoxicity; *see* Liver, toxic effects
Herbal teas; *see* Tea
Hereditary diseases
Denys-Drash syndrome: relating a clinical disorder to genetic alterations in the tumor suppressor gene *WT1* (Coppes et al). 1993;123:673-8
Dominantly inherited megalencephaly, muscle weakness, and myoliposis: a carnitine-deficient myopathy within the spectrum of the Ruvalcaba-Myhre-Smith syndrome (Powell et al). 1993;123:70-5
Hereditary motor-sensory neuropathy (Charcot-Marie-Tooth disease) with nerve deafness: a new variant of disease (Hamiel et al). 1993;123:431-4 (CLO)
Membranous nephropathy in two human leukocyte antigen–identical brothers (Elshihabi et al). 1993;123:940-2 (CLO)
Hereditary motor-sensory neuropathy; *see* Charcot-Marie disease
Herpesvirus hominis
Rapid diagnosis of herpes simplex virus encephalitis by using the polymerase chain reaction (Troendle-Atkins et al). 1993; 123:376-80
Hexoses
Measurements of uridine diphosphate hexoses in galactosemia (Ng et al) (Letter); (Kirkman and Clemons) (Reply). 1993; 123:1015
High altitude; *see* Altitude
Histidine
Copper-histidine therapy for Menkes disease (Sarkar et al). 1993;123:828-30 (CLO)
Histiocytosis, non-Langerhans-cell
Intravenously administered immune globulin for the treatment of infection-associated hemophagocytic syndrome (Freeman et al). 1993;123:479-81 (CLO)
Histocompatibility antigens class II
Major histocompatibility complex class II deficiency: clinical manifestations, immunologic features, and outcome (Klein et al). 1993;123:921-8
HIV
Effect of human immunodeficiency virus infection on the growth of young children (McKinney et al). 1993;123:579-82 (CLO)
HIV—cont'd
Identifying human immunodeficiency virus infection at birth: application of polymerase chain reaction to Guthrie cards (Comeau et al). 1993;123:252-8
HIV-1; *see also* Acquired immunodeficiency syndrome
Development and significance of zidovudine resistance in children infected with human immunodeficiency virus (Ogino et al). 1993;123:1-8
High-level resistance to zidovudine but not to zalcitabine or didanosine in human immunodeficiency virus from children receiving antiretroviral therapy (Husson et al). 1993;123:9-16
Replication and tropism of human immunodeficiency virus type 1 as predictors of disease outcome in infants with vertically acquired infection (De Rossi et al). 1993;123:929-36
HIV antibodies
A rapid test for the detection of human immunodeficiency virus antibodies in cord blood (Suarez et al). 1993;123:259-61 (CLO)
HIV core protein
Replication and tropism of human immunodeficiency virus type 1 as predictors of disease outcome in infants with vertically acquired infection (De Rossi et al). 1993;123:929-36
HLA antigens
Membranous nephropathy in two human leukocyte antigen–identical brothers (Elshihabi et al). 1993;123:940-2 (CLO)
Home care
Home event recordings of oxygenation, breathing movements, and heart rate and rhythm in infants with recurrent life-threatening events (Poets et al). 1993;123:693-701
Hospital stay, length of; *see* Length of stay
Hospitals
Pediatric critical care and hospital costs under reimbursement by diagnosis-related group: effect of clinical and demographic characteristics (Pon et al). 1993;123:355-64
Household members; *see* Family
Human immunodeficiency virus; *see* HIV
Human immunodeficiency virus type 1; *see* HIV-1
Human milk; *see* Milk, human
Hydramnios; *see* Polyhydramnios
Hydroxycholecalciferols
Malignant osteopetrosis treated with high doses of 1α-hydroxyvitamin D_3 (Kubo et al). 1993;123:264-8 (CLO)
Hydroxyproline
Determination of the urinary D/L *trans*-3-hydroxyproline ratio: a noninvasive screening test for Alport syndrome (Lubec and Arbeiter). 1993;123:748-51 (CLO)
1α-Hydroxyvitamin D_3; *see* Hydroxycholecalciferols
Hypercalcemia
Hypercalcemic phase of Williams syndrome (Bzdúch). 1993; 123:496 (Letter)
Hypercalciuria; *see* Calcium
Hypercholesterolemia
Effect of soy protein diet versus standard low fat, low cholesterol diet on lipid and lipoprotein levels in children with familial or polygenic hypercholesterolemia (Widhalm et al). 1993; 123:30-4
Randomized, double-blind, placebo-controlled, two-period crossover clinical trial of psyllium fiber in children with hypercholesterolemia (Dennison and Levine). 1993;123:24-9
Hyperglycemia
Distinction between transient hyperglycemia and early insulin-dependent diabetes mellitus in childhood: a prospective study of incidence and prognostic factors (Herskowitz-Dumont et al). 1993;123:347-54
Symptomatic non-insulin-dependent diabetes mellitus during therapy with recombinant human growth hormone (Botero et al). 1993;123:590-2 (CLO)

Hyperglycinemia
Atypical nonketotic hyperglycinemia confirmed by assay of the glycine cleavage system in lymphoblasts (Christodoulou et al). 1993;123:100-2 (CLO)
Hyperinsulinism
The enigma of persistent hyperinsulinemic hypoglycemia of infancy (Daneman and Ehrlich). 1993;123:573-5 (Editor's column)
Persistent hyperinsulinemic hypoglycemia of infancy: long-term octreotide treatment without pancreatectomy (Glaser et al). 1993;123:644-50
Short- and long-term use of octreotide in the treatment of congenital hyperinsulinism (Thornton et al). 1993;123:637-43
Hyperkalemia
Nitrogen balance in extremely low birth weight infants with nonoliguric hyperkalemia (Stefano and Norman). 1993; 123:632-5 (CLO)
Hyperlipidemia, familial combined
Familial combined hyperlipidemia in children: clinical expression, metabolic defects, and management (Cortner et al). 1993;123:177-84
Hyperprostaglandin E syndrome; *see* Dinoprostone
Hypertension
Blood pressure nomograms for children and adolescents, by height and age, in the United States (Rosner et al). 1993; 123:871-86
Prevalence of hypertension in children with primary vesicoureteral reflux (Wolfish et al). 1993;123:559-63
Treatment of hypertension in acrodynia (Özsoylu) (Letter); (Henningsson et al) (Reply). 1993;123:667-8
Hypertension, pulmonary
Early changes in the neonatal circulatory transition (Walther et al). 1993;123:625-32
Inhalational nitric oxide: a selective pulmonary vasodilator for treatment of persistent pulmonary hypertension of the newborn (Geggel). 1993;123:76-9 (Editor's column)
Hypoaldosteronism
Hydramnios in pseudohypoaldosteronism versus hypoaldosteronism in neonates (Shalev and Ohali). 1993;123:333 (Letter)
Hypoglycemia
The enigma of persistent hyperinsulinemic hypoglycemia of infancy (Daneman and Ehrlich). 1993;123:573-5 (Editor's column)
Neonatal hypoglycemia caused by hypopituitarism in infants with congenital syphilis (Daaboul et al). 1993;123:983-5 (CLO)
Persistent hyperinsulinemic hypoglycemia of infancy: long-term octreotide treatment without pancreatectomy (Glaser et al). 1993;123:644-50
Short- and long-term use of octreotide in the treatment of congenital hyperinsulinism (Thornton et al). 1993;123:637-43
Hypogonadism
Effect of hypogonadism and deficient calcium intake on bone density in patients with galactosemia (Kaufman et al). 1993; 123:365-70
Hypopituitarism
Neonatal hypoglycemia caused by hypopituitarism in infants with congenital syphilis (Daaboul et al). 1993;123:983-5 (CLO)
Hypoprothrombinemias
Hypoprothrombinemia and severe hemorrhage associated with a lupus anticoagulant (Bernini et al). 1993;123:937-9 (CLO)
Hypothyroidism
Behavioral manifestations of hypothyroidism versus thyroxine effects (Bhatara et al) (Letter); (Rovet et al) (Reply). 1993; 123:840-1
Rheumatic symptoms associated with hypothyroidism in children (Keenan et al). 1993;123:586-8 (CLO)
Thyroxine-binding globulin deficiency misdiagnosed as hypothyroidism (Arisaka et al). 1993;123:333-4 (Letter)

I

Idiopathic arterial calcification; *see* Calcinosis
Idiopathic intussusception; *see* Intussusception
IgA
A new, rapid, noninvasive screening test for celiac disease (Not et al). 1993;123:425-7 (CLO)
IgG
A new, rapid, noninvasive screening test for celiac disease (Not et al). 1993;123:425-7 (CLO)
Iliac artery
Urethral obstruction sequence and lower limb deficiency: evidence for the vascular disruption hypothesis (Perez-Aytes et al). 1993;123:398-405
Immune globulin, intravenous
Bacterial polysaccharide immune globulin for prophylaxis of acute otitis media in high-risk children (Shurin et al). 1993;123:801-10
Immune globulin administration as an approach to prevention of acute otitis media (Gray). 1993;123:739-41 (Editor's column)
Intravenously administered immune globulin for the treatment of infection-associated hemophagocytic syndrome (Freeman et al). 1993;123:479-81 (CLO)
A prospective, randomized trial of high-dose intravenous immune globulin G therapy, oral prednisone therapy, and no therapy in childhood acute immune thrombocytopenic purpura (Blanchette et al). 1993;123:989-95
Immune thrombocytopenic purpura; *see* Purpura, thrombocytopenic
Immunoenzyme techniques
A new, rapid, noninvasive screening test for celiac disease (Not et al). 1993;123:425-7 (CLO)
Rapid cocaine screening of urine in a newborn nursery (Welch et al). 1993;123:468-70 (CLO)
Immunogenetics
Immunogenicity of an acellular pertussis vaccine composed of genetically inactivated pertussis toxin combined with filamentous hemagglutinin and pertactin in infants and children (Podda et al). 1993;123:81-4 (CLO)
Immunoglobulins, intravenous; *see* Immune globulin, intravenous
Immunosuppression
Measles vaccination after orthotopic liver transplantation (Rand et al). 1993;123:87-9 (CLO)
Severe chickenpox after intranasal use of corticosteroids (Abzug and Cotton). 1993;123:577-9 (CLO)
Inborn errors of metabolism; *see* Metabolism, inborn errors
Indomethacin
Effect of dopamine on indomethacin-induced impairment of renal function in preterm neonates (Seri) (Letter); (Fajardo et al) (Reply). 1993;123:167-8
Treatment of hyperprostaglandin E syndrome with indomethacin (Bétend and David). 1993;123:334 (Letter)
Induction chemotherapy; *see* Drug therapy
Infant
Effectiveness of a targeted screening program in identifying infants with positive urine toxicology screening results in a regular neonatal nursery (Horn et al). 1993;123:137-9 (CLO)
Effects of passive smoking on respiratory illness from birth to age eighteen months, in Shanghai, People's Republic of China (Jin and Rossignol). 1993;123:553-8
Evaluation of three theophylline dosing equations for use in infants up to one year of age (Hogue and Phelps). 1993;123:651-6
Home event recordings of oxygenation, breathing movements, and heart rate and rhythm in infants with recurrent life-threatening events (Poets et al). 1993;123:693-701
Impaired ventilation in infants sleeping facedown: potential significance for sudden infant death syndrome (Chiodini and Thach). 1993;123:686-92
Measurement of true absorption, endogenous fecal excretion, urinary excretion, and retention of calcium in term infants by

Infant—cont'd
using a dual-tracer, stable-isotope method (Hillman et al). 1993;123:444-56
Relation of infant feeding practices, cigarette smoke exposure, and group child care to the onset and duration of otitis media with effusion in the first two years of life (Owen et al). 1993;123:702-11
Urinary oxalate and glycolate excretion patterns in the first year of life: a longitudinal study (Morgenstern et al). 1993; 123:248-51

Infant, diseases
Benign familial infantile epilepsy (Lee et al). 1993;123:588-90 (CLO)
The enigma of persistent hyperinsulinemic hypoglycemia of infancy (Daneman and Ehrlich). 1993;123:573-5 (Editor's column)
Failure of fluconazole treatment in *Candida* meningitis (Epelbaum et al) (Letter); (Walsh et al) (Reply). 1993;123:168-9
Nebulized salbutamol versus racemic epinephrine in the treatment of infants with bronchiolitis (Carter and Moffitt) (Letter); (Chernick) (Reply). 1993;123:491-2
A randomized, double-blind, placebo-controlled trial of recombinant erythropoietin in treatment of the anemia of bronchopulmonary dysplasia (Ohls et al). 1993;123:996-1000
Recurrent apparent life-threatening events during infancy: a manifestation of inborn errors of metabolism (Arens et al). 1993;123:415-8 (CLO)
Transient improvement of congenital lactic acidosis in a male infant with pyruvate decarboxylase deficiency treated with dichloroacetate (Tóth et al). 1993;123:427-30 (CLO)

Infant, low birth weight
Breast-feeding of very low birth weight infants (Bier et al). 1993;123:773-8
Early educational intervention for very low birth weight infants: results from the Infant Health and Development Program (McCormick et al). 1993;123:527-33
Effect of early initiation of intravenous lipid administration on the incidence and severity of chronic lung disease in premature infants (Sosenko et al). 1993;123:975-82
Effects of birth order, gender, and intrauterine growth retardation on the outcome of very low birth weight in twins (Chen et al). 1993;123:132-6
Expected duration of hospital stay of low birth weight infants: graphic depiction in relation to birth weight and gestational age (Rawlings et al). 1993;123:307-9 (CLO)
Growth and bone mineral status of discharged very low birth weight infants fed different formulas or human milk (Chan). 1993;123:439-43
Growth and neurodevelopmental outcome of very low birth weight infants with intrauterine growth retardation: comparison with control subjects matched by birth weight and gestational age (Sung et al). 1993;123:618-24
Nitrogen balance in extremely low birth weight infants with nonoliguric hyperkalemia (Stefano and Norman). 1993; 123:632-5 (CLO)
Plasma ammonia levels in very low birth weight preterm infants (Usmani et al). 1993;123:797-800 (CLO)
Prognostic implications of age at detection of air leak in very low birth weight infants requiring ventilatory support (Powers and Clemens). 1993;123:611-7

Infant, newborn
Arterial oxygen saturation in preterm neonates without respiratory failure (Richard et al). 1993;123:963-8
Arterial oxygenation and pulmonary arterial pressure in healthy neonates and infants at high altitude (Niermeyer et al). 1993;123:767-72
Chronic intestinal pseudo-obstruction with meconium ileus at onset (Wilcox et al). 1993;123:751-2 (CLO)
Comparison of arterial and capillary bilirubin values in neonates with arterial lines (Langbaum et al). 1993;123:794-6 (CLO)

Infant, newborn—cont'd
Comparison of two preservation solutions for erythrocyte transfusions in newborn infants (Goodstein et al). 1993;123:783-8
Early changes in the neonatal circulatory transition (Walther et al). 1993;123:625-32
Lymphocyte subpopulations in healthy newborn infants: comparison of cord blood values with values five days after birth (Raes et al). 1993;123:465-7 (CLO)
No resuscitation and withdrawal of therapy in a neonatal and a pediatric intensive care unit in Canada (Ryan et al). 1993;123:534-8
Rapid cocaine screening of urine in a newborn nursery (Welch et al). 1993;123:468-70 (CLO)
Relationship of maternal substance abuse to subsequent sudden infant death syndrome in offspring (Kandall et al). 1993; 123:120-6
Standardization of prothrombin times in newborn infants (Pinto et al). 1993;123:310-2 (CLO)
Subcutaneous fat necrosis in a neonate, in association with aberrant plasma lipid and lipoprotein values (Vonk et al). 1993;123:462-4 (CLO)
Transplacental passage of fluorides (Gupta et al). 1993; 123:139-41 (CLO)
Ultrasound guidance of suprapubic bladder aspiration in neonates (Kiernan et al). 1993;123:789-91 (CLO)

Infant, newborn, diseases
Blood lactate concentrations and neonatal sepsis (Molteni) (Letter); (Fitzgerald et al) (Reply). 1993;123:493-4
Clinical responses to prolonged treatment of persistent pulmonary hypertension of the newborn with low doses of inhaled nitric oxide (Kinsella et al). 1993;123:103-8
Concentrated formula and necrotizing enterocolitis (Bustamante et al) (Letter); (Wilcox and Glick) (Reply). 1993;123:174-5
Congenital cytomegalovirus infection and neonatal auditory screening (Hicks et al). 1993;123:779-82
Cost effects of surfactant therapy for neonatal respiratory distress syndrome (Phibbs et al). 1993;123:953-62
Effect of nitric oxide on the survival rate and incidence of lung injury in newborn lambs with persistent pulmonary hypertension (Zayek et al). 1993;123:947-52
Elevated immunoreactive endothelin-1 levels in newborn infants with persistent pulmonary hypertension (Rosenberg et al). 1993;123:109-14
Group B streptococcus serotype V (Greenberg et al). 1993; 123:494-5 (Letter)
Hydramnios in pseudohypoaldosteronism versus hypoaldosteronism in neonates (Shalev and Ohali). 1993;123:333 (Letter)
Identifying human immunodeficiency virus infection at birth: application of polymerase chain reaction to Guthrie cards (Comeau et al). 1993;123:252-8
Inhalational nitric oxide: a selective pulmonary vasodilator for treatment of persistent pulmonary hypertension of the newborn (Geggel). 1993;123:76-9 (Editor's column)
Insulin dependency after transient neonatal diabetes (Edidin). 1993;123:1019 (Letter)
Management of neonatal citrullinemia (Sanjurjo and Rodríguez-Soriano) (Letter); (Melnyk) (Reply). 1993;123:838-9
A multicenter randomized trial comparing two surfactants for the treatment of neonatal respiratory distress syndrome (Horbar et al). 1993;123:757-66
Multiple areas of intestinal atresia associated with immunodeficiency and posttransfusion graft-versus-host disease (Walker et al). 1993;123:93-5 (CLO)
Neonatal hypoglycemia caused by hypopituitarism in infants with congenital syphilis (Daaboul et al). 1993;123:983-5 (CLO)
Neonatal sepsis caused by a new group B streptococcal serotype (type V) (Hervás and Benedi) (Letter); (Baker and Rench) (Reply). 1993;123:839
Persistent hyperinsulinemic hypoglycemia of infancy: long-term

Infant, newborn, diseases—cont'd
octreotide treatment without pancreatectomy (Glaser et al). 1993;123:644-50
Plasma nitric oxide levels in newborn infants with sepsis (Shi et al). 1993;123:435-8
Production of tumor necrosis factor by human cells in vitro and in vivo, induced by group B streptococci (Williams et al). 1993;123:292-300
Pulmonary hemodynamics after synthetic surfactant replacement in neonatal respiratory distress syndrome (Kääpä et al). 1993;123:115-9
Pulmonary hemorrhage and exogenous surfactant therapy: a metaanalysis (Raju and Langenberg). 1993;123:603-10
A rapid test for the detection of human immunodeficiency virus antibodies in cord blood (Suarez et al). 1993;123:259-61 (CLO)
Suppression of erythropoiesis by intrauterine transfusions in hemolytic disease of the newborn: use of erythropoietin to treat the late anemia (Scaradavou et al). 1993;123:279-84
Treatment of hyperprostaglandin E syndrome with indomethacin (Bétend and David). 1993;123:334 (Letter)

Infant, premature
Arterial oxygen saturation in preterm neonates without respiratory failure (Richard et al). 1993;123:963-8
Changes of serum lactate concentration, cardiac output, and heart rate induced by blood transfusions in preterm infants (Möller et al) (Letter); (Izraeli and Davidson) (Reply). 1993;123:1016-7
Feeding premature infants banked human milk homogenized by ultrasonic treatment (Rayol et al). 1993;123:985-8 (CLO)
Increased respiratory drive as an inhibitor of oral feeding of preterm infants (Timms et al). 1993;123:127-31
Interleukin-8 in pulmonary effluent fluid of preterm infants (Groneck and Speer). 1993;123:839-40 (Letter)
Measurement of nutrient intake by deuterium dilution in premature infants (Peppard et al). 1993;123:457-62
Plasma ammonia levels in very low birth weight preterm infants (Usmani et al). 1993;123:797-800 (CLO)
Prematurity as a risk factor for asthma in preadolescent children (von Mutius et al). 1993;123:223-9

Infant, premature, diseases
Beclomethasone for treating premature infants with bronchopulmonary dysplasia (Gal et al). 1993;123:490-1 (Letter)
Effect of dopamine on indomethacin-induced impairment of renal function in preterm neonates (Seri) (Letter); (Fajardo et al) (Reply). 1993;123:167-8
Effect of early initiation of intravenous lipid administration on the incidence and severity of chronic lung disease in premature infants (Sosenko et al). 1993;123:975-82
Effect of intrauterine growth retardation on postnatal weight change in preterm infants (Bauer et al). 1993;123:301-6
A randomized, controlled trial of platelet transfusions in thrombocytopenic premature infants (Andrew et al). 1993;123:285-91
Response to *Haemophilus influenzae* type b conjugate vaccine in chronically ill premature infants (Washburn et al). 1993;123:791-4 (CLO)
Transient severe respiratory distress mimicking pulmonary hypoplasia in preterm infants (Kitterman). 1993;123:969-74

Infant feeding; *see* Feeding behavior

Infant food
Concentrated formula and necrotizing enterocolitis (Bustamante et al) (Letter); (Wilcox and Glick) (Reply). 1993;123:174-5
Growth and bone mineral status of discharged very low birth weight infants fed different formulas or human milk (Chan). 1993;123:439-43
Measurement of nutrient intake by deuterium dilution in premature infants (Peppard et al). 1993;123:457-62

Infant Health and Development Program
Early educational intervention for very low birth weight infants: results from the Infant Health and Development Program (McCormick et al). 1993;123:527-33

Infant nutrition
Feeding premature infants banked human milk homogenized by ultrasonic treatment (Rayol et al). 1993;123:985-8 (CLO)

Infantile colic; *see* Colic

Infection
Congenital cytomegalovirus infection and neonatal auditory screening (Hicks et al). 1993;123:779-82
Intravenously administered immune globulin for the treatment of infection-associated hemophagocytic syndrome (Freeman et al). 1993;123:479-81 (CLO)
Major histocompatibility complex class II deficiency: clinical manifestations, immunologic features, and outcome (Klein et al). 1993;123:921-8
Replication and tropism of human immunodeficiency virus type 1 as predictors of disease outcome in infants with vertically acquired infection (De Rossi et al). 1993;123:929-36
Sepsis syndrome and septic shock in pediatrics: current concepts of terminology, pathophysiology, and management (Sáez-Llorens and McCracken). 1993;123:497-508

Infusions, intravenous
Death from a morphine infusion during a sickle cell crisis (Gerber and Apseloff). 1993;123:322-5 (CLO)
Effect of early initiation of intravenous lipid administration on the incidence and severity of chronic lung disease in premature infants (Sosenko et al). 1993;123:975-82

Insulin
First-phase insulin release in normal children (Allen et al). 1993;123:733-8
Insulin dependency after transient neonatal diabetes (Edidin). 1993;123:1019 (Letter)

Insulin-dependent diabetes mellitus; *see* Diabetes mellitus, insulin-dependent

Insulin-like growth factor I
Effect of insulin-like growth factor I on IGF binding proteins (Laron) (Letter); (Underwood) (Reply). 1993;123:169-70

Insurance, health, reimbursement
Pediatric critical care and hospital costs under reimbursement by diagnosis-related group: effect of clinical and demographic characteristics (Pon et al). 1993;123:355-64
Prospective payment and pediatric intensive care (Fiser). 1993;123:411-2 (Editor's column)

Intensive care units, neonatal
No resuscitation and withdrawal of therapy in a neonatal and a pediatric intensive care unit in Canada (Ryan et al). 1993;123:534-8

Intensive care units, pediatric
No resuscitation and withdrawal of therapy in a neonatal and a pediatric intensive care unit in Canada (Ryan et al). 1993;123:534-8
Pediatric critical care and hospital costs under reimbursement by diagnosis-related group: effect of clinical and demographic characteristics (Pon et al). 1993;123:355-64
Prospective payment and pediatric intensive care (Fiser). 1993;123:411-2 (Editor's column)

Interferon-alpha
Alpha interferon therapy in children with chronic active hepatitis B and delta virus infection (Kay et al). 1993;123:1001-4 (CLO)

Interferon-gamma, recombinant
Malignant osteopetrosis treated with high doses of 1α-hydroxyvitamin D_3 (Kubo et al). 1993;123:264-8 (CLO)

Interleukin-8
Interleukin-8 in pulmonary effluent fluid of preterm infants (Groneck and Speer). 1993;123:839-40 (Letter)

Intestinal atresia
Multiple areas of intestinal atresia associated with immunodeficiency and posttransfusion graft-versus-host disease (Walker et al). 1993;123:93-5 (CLO)
Intestinal pseudo-obstruction
Chronic intestinal pseudo-obstruction with meconium ileus at onset (Wilcox et al). 1993;123:751-2 (CLO)
Intranasal administration; *see* Administration, intranasal
Intrauterine growth retardation; *see* Fetal growth retardation
Intrauterine transfusions; *see* Blood transfusion, intrauterine
Intravenous immune globulin G; *see* Immune globulin, intravenous
Intravenous infusions; *see* Infusions, intravenous
Intussusception
Infant feeding and idiopathic intussusception (Pisacane et al). 1993;123:593-5 (CLO)
Iron
Iron overload in children receiving prolonged parenteral nutrition (Hariz et al). 1993;123:238-41
Isoantigens
Diagnostic use of B-cell alloantigen D8/17 in rheumatic chorea (Feldman et al). 1993;123:84-6 (CLO)
Isotopes
Measurement of true absorption, endogenous fecal excretion, urinary excretion, and retention of calcium in term infants by using a dual-tracer, stable-isotope method (Hillman et al). 1993;123:444-56

J

Jejunostomy
Percutaneous gastrojejunostomy versus Nissen fundoplication for enteral feeding of the neurologically impaired child with gastroesophageal reflux (Albanese et al). 1993;123:371-5
Joint diseases
Utility of magnetic resonance imaging for management of hemophilic arthropathy in children (Nuss et al). 1993; 123:388-92

K

Kawasaki disease; *see* Mucocutaneous lymph node syndrome
Kerions; *see* Tinea capitis
Kidney, physiology
Effect of dopamine on indomethacin-induced impairment of renal function in preterm neonates (Seri) (Letter); (Fajardo et al) (Reply). 1993;123:167-8
Kidney diseases
Treatment of hyperprostaglandin E syndrome with indomethacin (Bétend and David). 1993;123:334 (Letter)
Kinases
Enhanced urinary excretion of leukotriene E_4 in patients with mevalonate kinase deficiency (Mayatepek et al). 1993;123:96-8 (CLO)
Kinky hair syndrome
Copper-histidine therapy for Menkes disease (Sarkar et al). 1993;123:828-30 (CLO)

L

Lactates
Blood lactate concentrations and neonatal sepsis (Molteni) (Letter); (Fitzgerald et al) (Reply). 1993;123:493-4
Changes of serum lactate concentration, cardiac output, and heart rate induced by blood transfusions in preterm infants (Möller et al) (Letter); (Izraeli and Davidson) (Reply). 1993;123:1016-7
Lactic acidosis; *see* Acidosis, lactic
Laron syndrome
Effect of insulin-like growth factor I on IGF binding proteins (Laron) (Letter); (Underwood) (Reply). 1993;123:169-70
Late anemia; *see* Anemia
Leg
Urethral obstruction sequence and lower limb deficiency: evidence for the vascular disruption hypothesis (Perez-Aytes et al). 1993;123:398-405
Leigh disease
Defect in the lipoyl-bearing protein X subunit of the pyruvate dehydrogenase complex in two patients with encephalomyelopathy (Marsac et al). 1993;123:915-20
Length of stay
Expected duration of hospital stay of low birth weight infants: graphic depiction in relation to birth weight and gestational age (Rawlings et al). 1993;123:307-9 (CLO)
Letters
Letters. 1993;123:167-75, 333-6, 489-96, 667-72, 837-42, 1015-20
Leukemia
Bone marrow transplantation for leukemia (Bleyer et al) (Letter); (Pinkel) (Reply). 1993;123:492-3
Leukemia, lymphocytic, acute
Final attained height in patients successfully treated for childhood acute lymphoblastic leukemia (Katz et al). 1993; 123:546-52
Transient ischemic cerebral lesions during induction chemotherapy for acute lymphoblastic leukemia (Pihko et al). 1993; 123:718-24
Leukotrienes
Enhanced urinary excretion of leukotriene E_4 in patients with mevalonate kinase deficiency (Mayatepek et al). 1993;123:96-8 (CLO)
Interleukin-8 in pulmonary effluent fluid of preterm infants (Groneck and Speer). 1993;123:839-40 (Letter)
Leuprolide
Local reactions to depot leuprolide therapy for central precocious puberty (Manasco et al) (Letter); (Neely et al) (Reply). 1993;123:334-5
Life style
Predictors of axial and peripheral bone mineral density in healthy children and adolescents, with special attention to the role of puberty (Rubin et al). 1993;123:863-70
Life support care
No resuscitation and withdrawal of therapy in a neonatal and a pediatric intensive care unit in Canada (Ryan et al). 1993;123:534-8
Life-threatening events; *see* Apnea; Mortality
Lipids
Association among serum lipid and lipoprotein concentrations and physical activity, physical fitness, and body composition in young children (DuRant et al). 1993;123:185-92
Effect of early initiation of intravenous lipid administration on the incidence and severity of chronic lung disease in premature infants (Sosenko et al). 1993;123:975-82
Effect of soy protein diet versus standard low fat, low cholesterol diet on lipid and lipoprotein levels in children with familial or polygenic hypercholesterolemia (Widhalm et al). 1993; 123:30-4
Subcutaneous fat necrosis in a neonate, in association with aberrant plasma lipid and lipoprotein values (Vonk et al). 1993;123:462-4 (CLO)
Lipomatosis
Dominantly inherited megalencephaly, muscle weakness, and myoliposis: a carnitine-deficient myopathy within the spectrum of the Ruvalcaba-Myhre-Smith syndrome (Powell et al). 1993;123:70-5

Lipoproteins
Association among serum lipid and lipoprotein concentrations and physical activity, physical fitness, and body composition in young children (DuRant et al). 1993;123:185-92
Effect of soy protein diet versus standard low fat, low cholesterol diet on lipid and lipoprotein levels in children with familial or polygenic hypercholesterolemia (Widhalm et al). 1993; 123:30-4
Lipoprotein(a) and apolipoproteins B and A-1 in children and coronary vascular events in their grandparents (Wilcken et al). 1993;123:519-26
Subcutaneous fat necrosis in a neonate, in association with aberrant plasma lipid and lipoprotein values (Vonk et al). 1993;123:462-4 (CLO)
Lipoproteins, LDL
Randomized, double-blind, placebo-controlled, two-period crossover clinical trial of psyllium fiber in children with hypercholesterolemia (Dennison and Levine). 1993;123:24-9
Lipoyl-bearing protein X; *see* Proteins
Liver, toxic effects
Hepatotoxic effects in a child receiving valproate and carnitine (Murphy et al). 1993;123:318-20 (CLO)
Liver diseases
Aminotransferase activity in celiac disease (Grimwood and Barnes) (Letter); (Pehlivanoglu et al) (Letter); (Vajro) (Reply). 1993;123:1017-9
Hepatitis C virus infection in children with hemophilia: characterization of antibody response to four different antigens and relationship of antibody response, viremia, and hepatic dysfunction (Kanesaki et al). 1993;123:381-7
Niemann-Pick disease type C: diagnosis and outcome in children, with particular reference to liver disease (Kelly et al). 1993;123:242-7
Liver transplantation
Measles vaccination after orthotopic liver transplantation (Rand et al). 1993;123:87-9 (CLO)
Treatment with glycosylated recombinant human granulocyte colony-stimulating factor and orthotopic liver transplantation for glycogen storage disease type Ib (Lachaux et al). 1993;123:1005-8 (CLO)
Lorazepam
Chlorpromazine with and without lorazepam as antiemetic therapy in children receiving uniform chemotherapy (Relling et al). 1993;123:811-6
Low birth weight infants; *see* Infant, low birth weight
Lower limb; *see* Leg
Lung, injuries
Adult respiratory distress syndrome in children: associated disease, clinical course, and predictors of death (Davis et al). 1993;123:35-45
Effect of nitric oxide on the survival rate and incidence of lung injury in newborn lambs with persistent pulmonary hypertension (Zayek et al). 1993;123:947-52
Lung diseases
Effect of early initiation of intravenous lipid administration on the incidence and severity of chronic lung disease in premature infants (Sosenko et al). 1993;123:975-82
A fifteen-year-old boy with eosinophilia and pulmonary infiltrates (O'Sullivan et al). 1993;123:660-6
Interleukin-8 in pulmonary effluent fluid of preterm infants (Groneck and Speer). 1993;123:839-40 (Letter)
Response to *Haemophilus influenzae* type b conjugate vaccine in chronically ill premature infants (Washburn et al). 1993;123:791-4 (CLO)
Transient severe respiratory distress mimicking pulmonary hypoplasia in preterm infants (Kitterman). 1993;123:969-74
Lupus coagulation inhibitor
Hypoprothrombinemia and severe hemorrhage associated with a lupus anticoagulant (Bernini et al). 1993;123:937-9 (CLO)
Lupus erythematosus, systemic
Diagnostic use of B-cell alloantigen D8/17 in rheumatic chorea (Feldman et al). 1993;123:84-6 (CLO)
Lymphocyte subsets
Lymphocyte subpopulations in healthy newborn infants: comparison of cord blood values with values five days after birth (Raes et al). 1993;123:465-7 (CLO)
Lymphocytes
Atypical nonketotic hyperglycinemia confirmed by assay of the glycine cleavage system in lymphoblasts (Christodoulou et al). 1993;123:100-2 (CLO)
Lysinuric protein intolerance
Lysinuric protein intolerance at presentation with chronic interstitial lung disease and pulmonary cholesterol granulomas (Kerem et al). 1993;123:275-8 (CLO)

M

Magnetic resonance imaging
Neuropsychologic effects of stroke in children with sickle cell anemia (Craft et al). 1993;123:712-7
Utility of magnetic resonance imaging for management of hemophilic arthropathy in children (Nuss et al). 1993; 123:388-92
Major histocompatibility complex
Major histocompatibility complex class II deficiency: clinical manifestations, immunologic features, and outcome (Klein et al). 1993;123:921-8
Mass screening
Determination of the urinary D/L *trans*-3-hydroxyproline ratio: a noninvasive screening test for Alport syndrome (Lubec and Arbeiter). 1993;123:748-51 (CLO)
Effectiveness of a targeted screening program in identifying infants with positive urine toxicology screening results in a regular neonatal nursery (Horn et al). 1993;123:137-9 (CLO)
Maternal behavior
Relationship of maternal substance abuse to subsequent sudden infant death syndrome in offspring (Kandall et al). 1993; 123:120-6
Maternal-fetal exchange
Effectiveness of a targeted screening program in identifying infants with positive urine toxicology screening results in a regular neonatal nursery (Horn et al). 1993;123:137-9 (CLO)
Transplacental passage of fluorides (Gupta et al). 1993; 123:139-41 (CLO)
McCune-Albright syndrome; *see* Fibrous dysplasia, polyostotic
Measles vaccine
Measles vaccination after orthotopic liver transplantation (Rand et al). 1993;123:87-9 (CLO)
Meconium
Chronic intestinal pseudo-obstruction with meconium ileus at onset (Wilcox et al). 1993;123:751-2 (CLO)
Megalencephaly; *see* Brain diseases
Melatonin
The pineal gland in human beings: relevance to pediatrics (Cavallo). 1993;123:843-51
Membranous nephropathy; *see* Glomerulonephritis, membranous
Meningitis, bacterial
Failure of fluconazole treatment in *Candida* meningitis (Epelbaum et al) (Letter); (Walsh et al) (Reply). 1993;123:168-9
Menkes disease; *see* Kinky hair syndrome
Mental retardation
Clinical Adaptive Test/Clinical Linguistic Auditory Milestone Scale in early cognitive assessment (Hoon et al). 1993;123:S1-8
Metaanalysis
Pulmonary hemorrhage and exogenous surfactant therapy: a metaanalysis (Raju and Langenberg). 1993;123:603-10
Metabolic diseases
Familial combined hyperlipidemia in children: clinical expres-

Metabolic diseases—cont'd
sion, metabolic defects, and management (Cortner et al). 1993;123:177-84
Metabolism, inborn errors
Effect of hypogonadism and deficient calcium intake on bone density in patients with galactosemia (Kaufman et al). 1993; 123:365-70
Molybdenum cofactor deficiency (Arnold et al). 1993;123:595-8 (CLO)
Recurrent apparent life-threatening events during infancy: a manifestation of inborn errors of metabolism (Arens et al). 1993;123:415-8 (CLO)
Methemoglobinemia
Transient methemoglobinemia, diarrhea, and dietary protein intolerance (Dagan). 1993;123:667 (Letter)
Metronidazole
Treatment and long-term follow-up of *Helicobacter pylori*–associated duodenal ulcer disease in children (Israel and Hassall). 1993;123:53-8
Metropolitan Atlanta Developmental Disabilities Study
Prevalence of cerebral palsy among ten-year-old children in metropolitan Atlanta, 1985 through 1987 (Murphy et al). 1993;123:S13-20
Mevalonic acid
Enhanced urinary excretion of leukotriene E_4 in patients with mevalonate kinase deficiency (Mayatepek et al). 1993;123:96-8 (CLO)
Microbiology
Microbiology of kerions (Honig et al). 1993;123:422-4 (CLO)
Milk, human
Effects of passive smoking on respiratory illness from birth to age eighteen months, in Shanghai, People's Republic of China (Jin and Rossignol). 1993;123:553-8
Feeding premature infants banked human milk homogenized by ultrasonic treatment (Rayol et al). 1993;123:985-8 (CLO)
Growth and bone mineral status of discharged very low birth weight infants fed different formulas or human milk (Chan). 1993;123:439-43
Infant feeding and idiopathic intussusception (Pisacane et al). 1993;123:593-5 (CLO)
Minerals
Mineral balance and bone turnover in adolescents with anorexia nervosa (Abrams et al). 1993;123:326-31
Mitochondrial DNA; *see* DNA, mitochondrial
Molybdenum
Molybdenum cofactor deficiency (Arnold et al). 1993;123:595-8 (CLO)
Morbidity
Prognostic implications of age at detection of air leak in very low birth weight infants requiring ventilatory support (Powers and Clemens). 1993;123:611-7
Venous thromboembolic complications in children (David and Andrew). 1993;123:337-46
Morphine
Death from a morphine infusion during a sickle cell crisis (Gerber and Apseloff). 1993;123:322-5 (CLO)
Mortality; *see also* Survival
Adult respiratory distress syndrome in children: associated disease, clinical course, and predictors of death (Davis et al). 1993;123:35-45
Recurrent apparent life-threatening events during infancy: a manifestation of inborn errors of metabolism (Arens et al). 1993;123:415-8 (CLO)
Mucocutaneous lymph node syndrome
Detection of Epstein-Barr virus DNA in cardiac and aortic tissues from chronic, active Epstein-Barr virus infection associated with Kawasaki disease–like coronary artery aneurysms (Kikuta et al). 1993;123:90-2 (CLO)
Mucocutaneous lymph node syndrome—cont'd
Gamma globulin re-treatment in Kawasaki disease (Sundel et al). 1993;123:657-9 (CLO)
Multiethnic study; *see* Ethnic groups
Muscle hypotonia
Dominantly inherited megalencephaly, muscle weakness, and myoliposis: a carnitine-deficient myopathy within the spectrum of the Ruvalcaba-Myhre-Smith syndrome (Powell et al). 1993;123:70-5
Muscular diseases
Dominantly inherited megalencephaly, muscle weakness, and myoliposis: a carnitine-deficient myopathy within the spectrum of the Ruvalcaba-Myhre-Smith syndrome (Powell et al). 1993;123:70-5
Mutation
Autosomal dominant transmission of the Pallister-Hall syndrome (Topf et al). 1993;123:943-6 (CLO)
Selection of a precore mutant of hepatitis B virus and reactivation of chronic hepatitis B acquired in childhood (Bortolotti et al). 1993;123:583-5 (CLO)
Severe endocrine and nonendocrine manifestations of the McCune-Albright syndrome associated with activating mutations of stimulatory G protein G_s (Shenker et al). 1993;123:509-18
Myocardial diseases
Cardiomyopathy induced by phenylpropanolamine (Chin and Choy). 1993;123:825-7 (CLO)
Myoliposis; *see* Lipomatosis
Myopathy; *see* Brain diseases

N

Narcotics
Relationship of maternal substance abuse to subsequent sudden infant death syndrome in offspring (Kandall et al). 1993; 123:120-6
Nebulized salbutamol; *see* Albuterol
Nebulizers and vaporizers
Efficacy of albuterol administered by nebulizer versus spacer device in children with acute asthma (Kerem et al). 1993; 123:313-7
Necrotizing enterocolitis; *see* Enterocolitis, pseudomembranous
Neonatal screening
Identifying human immunodeficiency virus infection at birth: application of polymerase chain reaction to Guthrie cards (Comeau et al). 1993;123:252-8
Rapid cocaine screening of urine in a newborn nursery (Welch et al). 1993;123:468-70 (CLO)
Thyroxine-binding globulin deficiency misdiagnosed as hypothyroidism (Arisaka et al). 1993;123:333-4 (Letter)
Neonate; *see* Infant, newborn
Neoplasms
Azithromycin for treatment of severe *Cryptosporidium* diarrhea in two children with cancer (Vargas et al). 1993;123:154-6 (CLO)
Nephritis, hereditary
Determination of the urinary D/L *trans*-3-hydroxyproline ratio: a noninvasive screening test for Alport syndrome (Lubec and Arbeiter). 1993;123:748-51 (CLO)
Nerve deafness; *see* Deafness
Nervous system diseases
Organophosphate-induced delayed polyneuropathy (Gutmann and Bodensteiner) (Letter); (Aiuto et al) (Reply). 1993; 123:837
Prevalence of cerebral palsy among ten-year-old children in metropolitan Atlanta, 1985 through 1987 (Murphy et al). 1993;123:S13-20
Neuropsychology
Neuropsychologic effects of stroke in children with sickle cell anemia (Craft et al). 1993;123:712-7

Neutropenia
Disposition of recombinant human granulocyte colony-stimulating factor in children with severe chronic neutropenia (Kearns et al). 1993;123:471-9
Neutrophils
Disposition of recombinant human granulocyte colony-stimulating factor in children with severe chronic neutropenia (Kearns et al). 1993;123:471-9
New books received
The book shelf. 1993;123:482, 488, 744, 756, 856
Newborn infant; *see* Infant, newborn
Niemann-Pick disease
Niemann-Pick disease type C: diagnosis and outcome in children, with particular reference to liver disease (Kelly et al). 1993;123:242-7
Nifedipine
Treatment of hypertension in acrodynia (Özsoylu) (Letter); (Henningsson et al) (Reply). 1993;123:667-8
Nissen fundoplication
Percutaneous gastrojejunostomy versus Nissen fundoplication for enteral feeding of the neurologically impaired child with gastroesophageal reflux (Albanese et al). 1993;123:371-5
Nitric oxide
Clinical responses to prolonged treatment of persistent pulmonary hypertension of the newborn with low doses of inhaled nitric oxide (Kinsella et al). 1993;123:103-8
Effect of nitric oxide on the survival rate and incidence of lung injury in newborn lambs with persistent pulmonary hypertension (Zayek et al). 1993;123:947-52
Inhalational nitric oxide: a selective pulmonary vasodilator for treatment of persistent pulmonary hypertension of the newborn (Geggel). 1993;123:76-9 (Editor's column)
Plasma nitric oxide levels in newborn infants with sepsis (Shi et al). 1993;123:435-8
Nitrogen
Nitrogen balance in extremely low birth weight infants with nonoliguric hyperkalemia (Stefano and Norman). 1993;123:632-5 (CLO)
No resuscitation; *see* Resuscitation orders
Non-insulin-dependent diabetes mellitus; *see* Diabetes mellitus, non-insulin-dependent
Nonketotic hyperglycinemia; *see* Hyperglycinemia
Nonoliguric hyperkalemia; *see* Hyperkalemia
Nutrition
Measurement of nutrient intake by deuterium dilution in premature infants (Peppard et al). 1993;123:457-62
School lunch: a comparison of the fat and cholesterol content with dietary guidelines (Whitaker et al). 1993;123:857-62

O

Obesity
Energy expenditure during walking and running in obese and nonobese prepubertal children (Maffeis et al). 1993;123:193-9
Octreotide
The enigma of persistent hyperinsulinemic hypoglycemia of infancy (Daneman and Ehrlich). 1993;123:573-5 (Editor's column)
Persistent hyperinsulinemic hypoglycemia of infancy: long-term octreotide treatment without pancreatectomy (Glaser et al). 1993;123:644-50
Short- and long-term use of octreotide in the treatment of congenital hyperinsulinism (Thornton et al). 1993;123:637-43
Omeprazole
Efficacy and safety of omeprazole for severe gastroesophageal reflux in children (Gunasekaran and Hassall). 1993;123:148-54
Ophthalmoplegia
Identical mitochondrial DNA deletion in mother with progressive external ophthalmoplegia and son with Pearson marrow-pancreas syndrome (Bernes et al). 1993;123:598-602 (CLO)
Oral feeding; *see* Feeding behavior
Organophosphate
Organophosphate-induced delayed polyneuropathy (Gutmann and Bodensteiner) (Letter); (Aiuto et al) (Reply). 1993;123:837
Orthotopic liver transplantation; *see* Liver transplantation
Osteopetrosis
Malignant osteopetrosis treated with high doses of 1α-hydroxyvitamin D_3 (Kubo et al). 1993;123:264-8 (CLO)
Otitis media
Bacterial polysaccharide immune globulin for prophylaxis of acute otitis media in high-risk children (Shurin et al). 1993;123:801-10
Immune globulin administration as an approach to prevention of acute otitis media (Gray). 1993;123:739-41 (Editor's column)
Otitis media with effusion
Relation of infant feeding practices, cigarette smoke exposure, and group child care to the onset and duration of otitis media with effusion in the first two years of life (Owen et al). 1993;123:702-11
Outcome; *see* Pregnancy outcome
Overdose
Cardiomyopathy induced by phenylpropanolamine (Chin and Choy). 1993;123:825-7 (CLO)
Oxalates
Urinary oxalate and glycolate excretion patterns in the first year of life: a longitudinal study (Morgenstern et al). 1993;123:248-51
Oxygen
Arterial oxygen saturation in preterm neonates without respiratory failure (Richard et al). 1993;123:963-8
Arterial oxygenation and pulmonary arterial pressure in healthy neonates and infants at high altitude (Niermeyer et al). 1993;123:767-72
Home event recordings of oxygenation, breathing movements, and heart rate and rhythm in infants with recurrent life-threatening events (Poets et al). 1993;123:693-701
Oxygen consumption–oxygen delivery relationship in children (Seear et al). 1993;123:208-14

P

Pallister-Hall syndrome
Autosomal dominant transmission of the Pallister-Hall syndrome (Topf et al). 1993;123:943-6 (CLO)
Pancreatectomy
Persistent hyperinsulinemic hypoglycemia of infancy: long-term octreotide treatment without pancreatectomy (Glaser et al). 1993;123:644-50
Parenteral nutrition, total
Iron overload in children receiving prolonged parenteral nutrition (Hariz et al). 1993;123:238-41
Parents
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7
Passive smoking; *see* Tobacco smoke pollution
Pearson marrow-pancreas syndrome
Identical mitochondrial DNA deletion in mother with progressive external ophthalmoplegia and son with Pearson marrow-pancreas syndrome (Bernes et al). 1993;123:598-602 (CLO)
Pediatric intensive care unit; *see* Intensive care units, pediatric

Penicillin G, benzathine
Evaluation of secondary prophylactic schemes, based on benzathine penicillin G, for rheumatic fever in children (Meira et al). 1993;123:156-8 (CLO)
Prophylaxis for rheumatic fever using benzathine penicillin (Martell). 1993;123:667 (Letter)
Penicillins
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7
Treatment of streptococcal pharyngotonsillitis: reports of penicillin's demise are premature (Markowitz et al). 1993; 123:679-85
People's Republic of China
Effects of passive smoking on respiratory illness from birth to age eighteen months, in Shanghai, People's Republic of China (Jin and Rossignol). 1993;123:553-8
Peripheral bone mineral density; *see* Bone density
Persistent fetal circulation syndrome
Clinical responses to prolonged treatment of persistent pulmonary hypertension of the newborn with low doses of inhaled nitric oxide (Kinsella et al). 1993;123:103-8
Effect of nitric oxide on the survival rate and incidence of lung injury in newborn lambs with persistent pulmonary hypertension (Zayek et al). 1993;123:947-52
Elevated immunoreactive endothelin-1 levels in newborn infants with persistent pulmonary hypertension (Rosenberg et al). 1993;123:109-14
Inhalational nitric oxide: a selective pulmonary vasodilator for treatment of persistent pulmonary hypertension of the newborn (Geggel). 1993;123:76-9 (Editor's column)
Persistent pulmonary hypertension; *see* Persistent fetal circulation syndrome
Pertactin
Immunogenicity of an acellular pertussis vaccine composed of genetically inactivated pertussis toxin combined with filamentous hemagglutinin and pertactin in infants and children (Podda et al). 1993;123:81-4 (CLO)
Pertussis toxins
Immunogenicity of an acellular pertussis vaccine composed of genetically inactivated pertussis toxin combined with filamentous hemagglutinin and pertactin in infants and children (Podda et al). 1993;123:81-4 (CLO)
Pertussis vaccine
Immunogenicity of an acellular pertussis vaccine composed of genetically inactivated pertussis toxin combined with filamentous hemagglutinin and pertactin in infants and children (Podda et al). 1993;123:81-4 (CLO)
Pharyngotonsillitis; *see* Tonsillitis
Phenobarbital
Prognostic factors in childhood epilepsy (Scheller) (Letter); (Camfield et al) (Reply). 1993;123:1019-20
Phenotype
Variable phenotypes in velocardiofacial syndrome with chromosomal deletion (Motzkin et al). 1993;123:406-10
Phenoxybenzamine
Treatment of hypertension in acrodynia (Özsoylu) (Letter); (Henningsson et al) (Reply). 1993;123:667-8
Phenylpropanolamine
Cardiomyopathy induced by phenylpropanolamine (Chin and Choy). 1993;123:825-7 (CLO)
Phenytoin
Prognostic factors in childhood epilepsy (Scheller) (Letter); (Camfield et al) (Reply). 1993;123:1019-20
Physical activity; *see* Exercise
Physical fitness
Association among serum lipid and lipoprotein concentrations and physical activity, physical fitness, and body composition in young children (DuRant et al). 1993;123:185-92
Pineal body
The pineal gland in human beings: relevance to pediatrics (Cavallo). 1993;123:843-51
Plasma
Plasma ammonia levels in very low birth weight preterm infants (Usmani et al). 1993;123:797-800 (CLO)
Plasma nitric oxide levels in newborn infants with sepsis (Shi et al). 1993;123:435-8
Pseudoporphyria versus porphyria cutanea tarda (Anderson) (Letter); (Harvey et al) (Reply). 1993;123:841-2
Subcutaneous fat necrosis in a neonate, in association with aberrant plasma lipid and lipoprotein values (Vonk et al). 1993;123:462-4 (CLO)
Platelet count
A prospective, randomized trial of high-dose intravenous immune globulin G therapy, oral prednisone therapy, and no therapy in childhood acute immune thrombocytopenic purpura (Blanchette et al). 1993;123:989-95
Platelet transfusions; *see* Blood component transfusion
Pneumonia
Effects of passive smoking on respiratory illness from birth to age eighteen months, in Shanghai, People's Republic of China (Jin and Rossignol). 1993;123:553-8
A fifteen-year-old boy with eosinophilia and pulmonary infiltrates (O'Sullivan et al). 1993;123:660-6
Pneumothorax
Prognostic implications of age at detection of air leak in very low birth weight infants requiring ventilatory support (Powers and Clemens). 1993;123:611-7
Policy making
A policy regarding research in healthy children (Gidding et al). 1993;123:852-5
Polygenic hypercholesterolemia; *see* Hypercholesterolemia
Polyhydramnios
Hydramnios in pseudohypoaldosteronism versus hypoaldosteronism in neonates (Shalev and Ohali). 1993;123:333 (Letter)
Polymerase chain reaction
Identifying human immunodeficiency virus infection at birth: application of polymerase chain reaction to Guthrie cards (Comeau et al). 1993;123:252-8
Rapid diagnosis of herpes simplex virus encephalitis by using the polymerase chain reaction (Troendle-Atkins et al). 1993; 123:376-80
Polyneuropathy; *see* Nervous system diseases
Polysaccharides, bacterial
Bacterial polysaccharide immune globulin for prophylaxis of acute otitis media in high-risk children (Shurin et al). 1993; 123:801-10
Porphyria
Pseudoporphyria versus porphyria cutanea tarda (Anderson) (Letter); (Harvey et al) (Reply). 1993;123:841-2
Postnatal weight; *see* Body weight
Powers, Grover Francis
Addendum to profile of Grover Francis Powers (Vaughan). 1993;123:166 (Profiles)
Precocious puberty; *see* Puberty, precocious
Precore mutant; *see* Mutation
Predictive value of tests
Distinction between transient hyperglycemia and early insulin-dependent diabetes mellitus in childhood: a prospective study of incidence and prognostic factors (Herskowitz-Dumont et al). 1993;123:347-54
Rapid diagnosis of herpes simplex virus encephalitis by using the polymerase chain reaction (Troendle-Atkins et al). 1993; 123:376-80
Prednisone
A prospective, randomized trial of high-dose intravenous immune globulin G therapy, oral prednisone therapy, and no

Prednisone—cont'd
therapy in childhood acute immune thrombocytopenic purpura (Blanchette et al). 1993;123:989-95
Pregnancy outcome
Effects of birth order, gender, and intrauterine growth retardation on the outcome of very low birth weight in twins (Chen et al). 1993;123:132-6
Premature infants; *see* Infant, premature
Prepuberty; *see* Puberty
Preschool-age patients; *see* Child, preschool
Preservation solutions for blood; *see* Blood preservation
Preterm infant; *see* Infant, premature
Profiles
Addendum to profile of Grover Francis Powers (Vaughan). 1993;123:166 (Profiles)
Clement Andrew Smith (Avery). 1993;123:486-7 (Profiles)
Daniel C. Darrow (Hellerstein). 1993;123:833-6 (Profiles)
Martha May Eliot (Lesser). 1993;123:162-5 (Profiles)
Prognosis
Distinction between transient hyperglycemia and early insulin-dependent diabetes mellitus in childhood: a prospective study of incidence and prognostic factors (Herskowitz-Dumont et al). 1993;123:347-54
Progressive external ophthalmoplegia; *see* Ophthalmoplegia
Prophylaxis
Cost effects of surfactant therapy for neonatal respiratory distress syndrome (Phibbs et al). 1993;123:953-62
Evaluation of secondary prophylactic schemes, based on benzathine penicillin G, for rheumatic fever in children (Meira et al). 1993;123:156-8 (CLO)
Prophylaxis for rheumatic fever using benzathine penicillin (Martell). 1993;123:667 (Letter)
Prospective payment system
Prospective payment and pediatric intensive care (Fiser). 1993;123:411-2 (Editor's column)
Prostaglandin E; *see* Dinoprostone
Proteins
Defect in the lipoyl-bearing protein X subunit of the pyruvate dehydrogenase complex in two patients with encephalomyelopathy (Marsac et al). 1993;123:915-20
Replication and tropism of human immunodeficiency virus type 1 as predictors of disease outcome in infants with vertically acquired infection (De Rossi et al). 1993;123:929-36
Prothrombin time
Standardization of prothrombin times in newborn infants (Pinto et al). 1993;123:310-2 (CLO)
Pseudohypoaldosteronism
Hydramnios in pseudohypoaldosteronism versus hypoaldosteronism in neonates (Shalev and Ohali). 1993;123:333 (Letter)
Pseudomonas cepacia
Source of *Pseudomonas cepacia*: ribotyping of isolates from patients and from the environment (Fisher et al). 1993;123:745-7 (CLO)
Pseudoporphyria; *see* Porphyria
Psyllium
Randomized, double-blind, placebo-controlled, two-period crossover clinical trial of psyllium fiber in children with hypercholesterolemia (Dennison and Levine). 1993;123:24-9
Puberty
Energy expenditure during walking and running in obese and nonobese prepubertal children (Maffeis et al). 1993;123:193-9
The pineal gland in human beings: relevance to pediatrics (Cavallo). 1993;123:843-51
Predictors of axial and peripheral bone mineral density in healthy children and adolescents, with special attention to the role of puberty (Rubin et al). 1993;123:863-70
Puberty, precocious
Local reactions to depot leuprolide therapy for central precocious puberty (Manasco et al) (Letter); (Neely et al) (Reply). 1993;123:334-5
Pulmonary alveolar proteinosis
Treatment of congenital alveolar proteinosis (Spock) (Letter); (Cornish) (Reply). 1993;123:495-6
Pulmonary artery
Arterial oxygenation and pulmonary arterial pressure in healthy neonates and infants at high altitude (Niermeyer et al). 1993;123:767-72
Pulmonary cholesterol; *see* Cholesterol
Pulmonary effluent fluid; *see* Lung diseases
Pulmonary embolism
Venous thromboembolic complications in children (David and Andrew). 1993;123:337-46
Pulmonary emphysema
Prognostic implications of age at detection of air leak in very low birth weight infants requiring ventilatory support (Powers and Clemens). 1993;123:611-7
Pulmonary fibrosis
Lysinuric protein intolerance at presentation with chronic interstitial lung disease and pulmonary cholesterol granulomas (Kerem et al). 1993;123:275-8 (CLO)
Pulmonary hemodynamics; *see* Hemodynamics
Pulmonary hemorrhage; *see* Hemorrhage
Pulmonary hypertension; *see* Hypertension, pulmonary
Pulmonary hypoplasia; *see* Lung diseases
Pulmonary infiltrates; *see* Lung diseases
Pulse
Home event recordings of oxygenation, breathing movements, and heart rate and rhythm in infants with recurrent life-threatening events (Poets et al). 1993;123:693-701
Purpura, thrombocytopenic
A prospective, randomized trial of high-dose intravenous immune globulin G therapy, oral prednisone therapy, and no therapy in childhood acute immune thrombocytopenic purpura (Blanchette et al). 1993;123:989-95
Pyrophosphates
Idiopathic arterial calcification of infancy and pyrophosphate deficiency (Stuart). 1993;123:170-1 (Letter)
Pyruvate decarboxylase
Transient improvement of congenital lactic acidosis in a male infant with pyruvate decarboxylase deficiency treated with dichloroacetate (Tóth et al). 1993;123:427-30 (CLO)
Pyruvate dehydrogenase complex
Defect in the lipoyl-bearing protein X subunit of the pyruvate dehydrogenase complex in two patients with encephalomyelopathy (Marsac et al). 1993;123:915-20

R

Racemic epinephrine; *see* Epinephrine
Radiation
Widespread hemangiomatosis of bone associated with rickets: recovery after irradiation (Amir et al). 1993;123:269-72 (CLO)
Recombinant erythropoietin; *see* Erythropoietin
Recombinant granulocyte colony-stimulating factor; *see* Granulocyte colony-stimulating factor
Recombinant human growth hormone; *see* Somatotropin
Reimbursement; *see* Insurance, health, reimbursement
Renal function; *see* Kidney, physiology
Renal glucosuria; *see* Glycosuria, renal
Renal tubular acidosis; *see* Acidosis, renal tubular
Replication, viral; *see* Virus replication
Research
A policy regarding research in healthy children (Gidding et al). 1993;123:852-5
Resistance; *see* Drug resistance
Respiration
Home event recordings of oxygenation, breathing movements,

Respiration—cont'd
and heart rate and rhythm in infants with recurrent life-threatening events (Poets et al). 1993;123:693-701
Increased respiratory drive as an inhibitor of oral feeding of preterm infants (Timms et al). 1993;123:127-31
Respiration, artificial
Prognostic implications of age at detection of air leak in very low birth weight infants requiring ventilatory support (Powers and Clemens). 1993;123:611-7
Respiration disorders
Effects of passive smoking on respiratory illness from birth to age eighteen months, in Shanghai, People's Republic of China (Jin and Rossignol). 1993;123:553-8
Respiratory distress syndrome
Cost effects of surfactant therapy for neonatal respiratory distress syndrome (Phibbs et al). 1993;123:953-62
A multicenter randomized trial comparing two surfactants for the treatment of neonatal respiratory distress syndrome (Horbar et al). 1993;123:757-66
Pulmonary hemodynamics after synthetic surfactant replacement in neonatal respiratory distress syndrome (Kääpä et al). 1993;123:115-9
Pulmonary hemorrhage and exogenous surfactant therapy: a metaanalysis (Raju and Langenberg). 1993;123:603-10
Respiratory distress syndrome, adult
Adult respiratory distress syndrome in children: associated disease, clinical course, and predictors of death (Davis et al). 1993;123:35-45
Respiratory insufficiency
Arterial oxygen saturation in preterm neonates without respiratory failure (Richard et al). 1993;123:963-8
Early changes in the neonatal circulatory transition (Walther et al). 1993;123:625-32
Predictors of outcome of severe respiratory syncytial virus–associated respiratory failure treated with extracorporeal membrane oxygenation (Moler et al). 1993;123:46-52
Transient severe respiratory distress mimicking pulmonary hypoplasia in preterm infants (Kitterman). 1993;123:969-74
Respiratory syncytial viruses
Predictors of outcome of severe respiratory syncytial virus–associated respiratory failure treated with extracorporeal membrane oxygenation (Moler et al). 1993;123:46-52
Resuscitation orders
No resuscitation and withdrawal of therapy in a neonatal and a pediatric intensive care unit in Canada (Ryan et al). 1993;123:534-8
Rheumatic diseases
Rheumatic symptoms associated with hypothyroidism in children (Keenan et al). 1993;123:586-8 (CLO)
Rheumatic fever
Diagnostic use of B-cell alloantigen D8/17 in rheumatic chorea (Feldman et al). 1993;123:84-6 (CLO)
Evaluation of secondary prophylactic schemes, based on benzathine penicillin G, for rheumatic fever in children (Meira et al). 1993;123:156-8 (CLO)
Prophylaxis for rheumatic fever using benzathine penicillin (Martell). 1993;123:667 (Letter)
Ribotyping; *see* Bacterial typing techniques
Rickets
Widespread hemangiomatosis of bone associated with rickets: recovery after irradiation (Amir et al). 1993;123:269-72 (CLO)
Risk factors
Cerebral palsy in four northern California counties, births 1983 through 1985 (Cummins et al). 1993;123:230-7
Environmental tobacco smoke as a risk factor for asthma in inner city children (Moyer) (Letter); (Platts-Mills) (Reply). 1993;123:171
Identifying febrile infants at risk for a serious bacterial infection
Risk factors—cont'd
(Baskin et al) (Letter); (Klassen and Rowe) (Reply). 1993;123:489-90
Prematurity as a risk factor for asthma in preadolescent children (von Mutius et al). 1993;123:223-9
Running
Energy expenditure during walking and running in obese and nonobese prepubertal children (Maffeis et al). 1993;123:193-9
Ruvalcaba-Myhre-Smith syndrome
Dominantly inherited megalencephaly, muscle weakness, and myoliposis: a carnitine-deficient myopathy within the spectrum of the Ruvalcaba-Myhre-Smith syndrome (Powell et al). 1993;123:70-5

S

School lunch; *see* Diet
Screening; *see* Mass screening; Neonatal screening
Seizures
Benign familial infantile epilepsy (Lee et al). 1993;123:588-90 (CLO)
Molybdenum cofactor deficiency (Arnold et al). 1993;123:595-8 (CLO)
Prognostic factors in childhood epilepsy (Scheller) (Letter); (Camfield et al) (Reply). 1993;123:1019-20
Reversible Fanconi syndrome associated with valproate therapy (Lande et al). 1993;123:320-2 (CLO)
Sepsis; *see* Septicemia
Septic shock; *see* Shock, septic
Septicemia
Blood lactate concentrations and neonatal sepsis (Molteni) (Letter); (Fitzgerald et al) (Reply). 1993;123:493-4
Group B streptococcus serotype V (Greenberg et al). 1993;123:494-5 (Letter)
Neonatal sepsis caused by a new group B streptococcal serotype (type V) (Hervás and Benedi) (Letter); (Baker and Rench) (Reply). 1993;123:839
Plasma nitric oxide levels in newborn infants with sepsis (Shi et al). 1993;123:435-8
Production of tumor necrosis factor by human cells in vitro and in vivo, induced by group B streptococci (Williams et al). 1993;123:292-300
Sepsis syndrome and septic shock in pediatrics: current concepts of terminology, pathophysiology, and management (Sáez-Llorens and McCracken). 1993;123:497-508
Serotyping
Group B streptococcus serotype V (Greenberg et al). 1993;123:494-5 (Letter)
Severe combined immunodeficiency
Multiple areas of intestinal atresia associated with immunodeficiency and posttransfusion graft-versus-host disease (Walker et al). 1993;123:93-5 (CLO)
Severe combined immunodeficiency: a retrospective single-center study of clinical presentation and outcome in 117 patients (Stephan et al). 1993;123:564-72
Sex
Effects of birth order, gender, and intrauterine growth retardation on the outcome of very low birth weight in twins (Chen et al). 1993;123:132-6
Shigellosis; *see* Dysentery, bacillary
Shock, septic
Sepsis syndrome and septic shock in pediatrics: current concepts of terminology, pathophysiology, and management (Sáez-Llorens and McCracken). 1993;123:497-508
Short stature; *see* Body height
Sickle cell anemia; *see* Anemia, sickle cell
Sickle cell crisis; *see* Hemoglobin, sickle
Sleep
Impaired ventilation in infants sleeping facedown: potential sig-

Sleep—cont'd
nificance for sudden infant death syndrome (Chiodini and Thach). 1993;123:686-92
Smith, Clement Andrew
Clement Andrew Smith (Avery). 1993;123:486-7 (Profiles)
Smoking
Relation of infant feeding practices, cigarette smoke exposure, and group child care to the onset and duration of otitis media with effusion in the first two years of life (Owen et al). 1993;123:702-11
Smoking, passive; *see* Tobacco smoke pollution
Somatostatin
The enigma of persistent hyperinsulinemic hypoglycemia of infancy (Daneman and Ehrlich). 1993;123:573-5 (Editor's column)
Somatotropin
Growth hormone for children with Down syndrome (Allen et al). 1993;123:742-3 (Editor's column)
Growth response of children with non-growth-hormone deficiency and marked short stature during three years of growth hormone therapy (Hopwood et al). 1993;123:215-22
Symptomatic non-insulin-dependent diabetes mellitus during therapy with recombinant human growth hormone (Botero et al). 1993;123:590-2 (CLO)
Soybeans
Effect of soy protein diet versus standard low fat, low cholesterol diet on lipid and lipoprotein levels in children with familial or polygenic hypercholesterolemia (Widhalm et al). 1993; 123:30-4
Spacer device; *see* Nebulizers and vaporizers
Splenomegaly
Niemann-Pick disease type C: diagnosis and outcome in children, with particular reference to liver disease (Kelly et al). 1993;123:242-7
Sports
Dance: an art form, not a sport (Steeg). 1993;123:333 (Letter)
Staphylococcus aureus
Microbiology of kerions (Honig et al). 1993;123:422-4 (CLO)
Streptococcal infections
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7
Treatment of streptococcal pharyngotonsillitis: reports of penicillin's demise are premature (Markowitz et al). 1993; 123:679-85
Streptococcus agalactiae
Group B streptococcus serotype V (Greenberg et al). 1993; 123:494-5 (Letter)
Neonatal sepsis caused by a new group B streptococcal serotype (type V) (Hervás and Benedi) (Letter); (Baker and Rench) (Reply). 1993;123:839
Production of tumor necrosis factor by human cells in vitro and in vivo, induced by group B streptococci (Williams et al). 1993;123:292-300
Stroke; *see* Cerebrovascular disorders
Subcutaneous fat necrosis; *see* Fat necrosis
Substance abuse
Effectiveness of a targeted screening program in identifying infants with positive urine toxicology screening results in a regular neonatal nursery (Horn et al). 1993;123:137-9 (CLO)
Rapid cocaine screening of urine in a newborn nursery (Welch et al). 1993;123:468-70 (CLO)
Relationship of maternal substance abuse to subsequent sudden infant death syndrome in offspring (Kandall et al). 1993;123:120-6
Sudden infant death
Home event recordings of oxygenation, breathing movements, and heart rate and rhythm in infants with recurrent life-threatening events (Poets et al). 1993;123:693-701
Sudden infant death—cont'd
Impaired ventilation in infants sleeping facedown: potential significance for sudden infant death syndrome (Chiodini and Thach). 1993;123:686-92
Relationship of maternal substance abuse to subsequent sudden infant death syndrome in offspring (Kandall et al). 1993;123:120-6
Surface-active agents
Cost effects of surfactant therapy for neonatal respiratory distress syndrome (Phibbs et al). 1993;123:953-62
A multicenter randomized trial comparing two surfactants for the treatment of neonatal respiratory distress syndrome (Horbar et al). 1993;123:757-66
Pulmonary hemodynamics after synthetic surfactant replacement in neonatal respiratory distress syndrome (Kääpä et al). 1993;123:115-9
Pulmonary hemorrhage and exogenous surfactant therapy: a metaanalysis (Raju and Langenberg). 1993;123:603-10
Surfactants; *see* Surface-active agents
Surgery, operative
Percutaneous gastrojejunostomy versus Nissen fundoplication for enteral feeding of the neurologically impaired child with gastroesophageal reflux (Albanese et al). 1993;123:371-5
Survival; *see also* Mortality
Effect of nitric oxide on the survival rate and incidence of lung injury in newborn lambs with persistent pulmonary hypertension (Zayek et al). 1993;123:947-52
Predictors of outcome of severe respiratory syncytial virus–associated respiratory failure treated with extracorporeal membrane oxygenation (Moler et al). 1993;123:46-52
Syphilis, congenital
Neonatal hypoglycemia caused by hypopituitarism in infants with congenital syphilis (Daaboul et al). 1993;123:983-5 (CLO)
Systemic lupus erythematosus; *see* Lupus erythematosus, systemic

T

T-lymphocytes
Severe combined immunodeficiency: a retrospective single-center study of clinical presentation and outcome in 117 patients (Stephan et al). 1993;123:564-72
Tea
Herbal teas for colic (Barr) (Letter); (Bergeson) (Letter); (Weizman et al) (Reply). 1993;123:669-71
Theophylline
Evaluation of three theophylline dosing equations for use in infants up to one year of age (Hogue and Phelps). 1993;123:651-6
Thoracic diseases
Alveolar-arterial oxygen gradient in acute chest syndrome of sickle cell disease (Emre et al). 1993;123:272-5 (CLO)
Thrombocytopenia
A randomized, controlled trial of platelet transfusions in thrombocytopenic premature infants (Andrew et al). 1993; 123:285-91
Thrombophlebitis
Venous thromboembolic complications in children (David and Andrew). 1993;123:337-46
Thrombosis
Atrophie blanche with onset in childhood (Suarez and Paller). 1993;123:753-5 (CLO)
Thyroid diseases
Attention-deficit hyperactivity disorder and thyroid function (Weiss et al). 1993;123:539-45
Thyrotropin
Age-related changes in serum free thyroxine during childhood and adolescence (Nelson et al). 1993;123:899-905
Attention-deficit hyperactivity disorder and thyroid function (Weiss et al). 1993;123:539-45

Thyroxine
Age-related changes in serum free thyroxine during childhood and adolescence (Nelson et al). 1993;123:899-905
Attention-deficit hyperactivity disorder and thyroid function (Weiss et al). 1993;123:539-45
Behavioral manifestations of hypothyroidism versus thyroxine effects (Bhatara et al) (Letter); (Rovet et al) (Reply). 1993;123:840-1
Thyroxine-binding proteins
Thyroxine-binding globulin deficiency misdiagnosed as hypothyroidism (Arisaka et al). 1993;123:333-4 (Letter)
Tinea capitis
Microbiology of kerions (Honig et al). 1993;123:422-4 (CLO)
Tobacco smoke pollution
Effects of passive smoking on respiratory illness from birth to age eighteen months, in Shanghai, People's Republic of China (Jin and Rossignol). 1993;123:553-8
Environmental tobacco smoke as a risk factor for asthma in inner city children (Moyer) (Letter); (Platts-Mills) (Reply). 1993;123:171
Tonsillitis
Treatment of streptococcal pharyngotonsillitis: reports of penicillin's demise are premature (Markowitz et al). 1993;123:679-85
***Trans*-3-hydroxyproline; *see* Hydroxyproline**
Transient hyperglycemia; *see* Hyperglycemia
Transient ischemic cerebral lesions; *see* Cerebral ischemia, transient
Translations
Errors in citations in foreign languages (Strauss) (Letter); (Garfunkel) (Reply). 1993;123:336
Transplacental passage; *see* Maternal-fetal exchange
Trichophyton
Microbiology of kerions (Honig et al). 1993;123:422-4 (CLO)
Trimethoprim-sulfamethoxazole combination
A randomized, double-blind study comparing cefixime and trimethoprim-sulfamethoxazole in the treatment of childhood shigellosis (Ashkenazi et al). 1993;123:817-21
Tropism, viral; *see* Virus replication
True absorption; *see* Absorption
Tumor necrosis factor
Production of tumor necrosis factor by human cells in vitro and in vivo, induced by group B streptococci (Williams et al). 1993;123:292-300
Tumor suppressor gene *WT1*; *see* Genes, suppressor, tumor
Twins
Effects of birth order, gender, and intrauterine growth retardation on the outcome of very low birth weight in twins (Chen et al). 1993;123:132-6

U

Ulcer
Atrophic blanche with onset in childhood (Suarez and Paller). 1993;123:753-5 (CLO)
Treatment and long-term follow-up of *Helicobacter pylori*–associated duodenal ulcer disease in children (Israel and Hassall). 1993;123:53-8
Ultrasonography
Feeding premature infants banked human milk homogenized by ultrasonic treatment (Rayol et al). 1993;123:985-8 (CLO)
Ultrasound guidance of suprapubic bladder aspiration in neonates (Kiernan et al). 1993;123:789-91 (CLO)
Urethral obstruction
Urethral obstruction sequence and lower limb deficiency: evidence for the vascular disruption hypothesis (Perez-Aytes et al). 1993;123:398-405
Uridine diphosphate
Measurements of uridine diphosphate hexoses in galactosemia
Uridine diphosphate—cont'd
(Ng et al) (Letter); (Kirkman and Clemons) (Reply). 1993; 123:1015
Uridine diphosphate galactose
Galactosemia: the uridine diphosphate galactose deficiency–uridine treatment controversy (Holton et al). 1993; 123:1009-14
Uridine diphosphate glucuronic acid
Uridine diphosphoglucose content of human erythrocytes: assessment by conversion to uridine diphosphoglucuronate (Gibson et al). 1993;123:906-14
Urinalysis
Effectiveness of a targeted screening program in identifying infants with positive urine toxicology screening results in a regular neonatal nursery (Horn et al). 1993;123:137-9 (CLO)
Urinary tract infections
Prevalence of hypertension in children with primary vesicoureteral reflux (Wolfish et al). 1993;123:559-63
Prevalence of urinary tract infection in febrile infants (Hoberman et al). 1993;123:17-23
Urination
Enhanced urinary excretion of leukotriene E_4 in patients with mevalonate kinase deficiency (Mayatepek et al). 1993; 123:96-8 (CLO)
Urinary oxalate and glycolate excretion patterns in the first year of life: a longitudinal study (Morgenstern et al). 1993; 123:248-51
Urine
Compliance with antibiotic therapy: a comparison of deuterium oxide tracer, urine bioassay, bottle weights, and parental reports (Rodewald and Pichichero). 1993;123:143-7
Determination of the urinary D/L *trans*-3-hydroxyproline ratio: a noninvasive screening test for Alport syndrome (Lubec and Arbeiter). 1993;123:748-51 (CLO)
Measurement of true absorption, endogenous fecal excretion, urinary excretion, and retention of calcium in term infants by using a dual-tracer, stable-isotope method (Hillman et al). 1993;123:444-56
Normal values for random urinary calcium to creatinine ratios in infancy (Sargent et al). 1993;123:393-7
Rapid cocaine screening of urine in a newborn nursery (Welch et al). 1993;123:468-70 (CLO)
Ultrasound guidance of suprapubic bladder aspiration in neonates (Kiernan et al). 1993;123:789-91 (CLO)

V

Vaccination
Decision rules for predicting vaccination status of preschool-age emergency department patients (Humiston et al). 1993; 123:887-92
Vaccines
Response to *Haemophilus influenzae* type b conjugate vaccine in chronically ill premature infants (Washburn et al). 1993; 123:791-4 (CLO)
Valproic acid
Hepatotoxic effects in a child receiving valproate and carnitine (Murphy et al). 1993;123:318-20 (CLO)
Reversible Fanconi syndrome associated with valproate therapy (Lande et al). 1993;123:320-2 (CLO)
Varicella-zoster virus
Unsuspected varicella-zoster virus encephalitis in a child with acquired immunodeficiency syndrome (Silliman et al). 1993;123:418-22 (CLO)
Vascular diseases
Urethral obstruction sequence and lower limb deficiency: evidence for the vascular disruption hypothesis (Perez-Aytes et al). 1993;123:398-405

Vasculitis
Atrophie blanche with onset in childhood (Suarez and Paller). 1993;123:753-5 (CLO)
Vasodilator agents
Inhalational nitric oxide: a selective pulmonary vasodilator for treatment of persistent pulmonary hypertension of the newborn (Geggel). 1993;123:76-9 (Editor's column)
Velocardiofacial syndrome
Variable phenotypes in velocardiofacial syndrome with chromosomal deletion (Motzkin et al). 1993;123:406-10
Venous thromboembolic complications; *see* Thrombophlebitis
Ventilation
Impaired ventilation in infants sleeping facedown: potential significance for sudden infant death syndrome (Chiodini and Thach). 1993;123:686-92
Ventilators, mechanical
Prognostic implications of age at detection of air leak in very low birth weight infants requiring ventilatory support (Powers and Clemens). 1993;123:611-7
Vertically acquired infection; *see* Infection
Very low birth weight infant; *see* Infant, low birth weight
Vesico-ureteral reflux
Prevalence of hypertension in children with primary vesicoureteral reflux (Wolfish et al). 1993;123:559-63
Viremia
Hepatitis C virus infection in children with hemophilia: characterization of antibody response to four different antigens and relationship of antibody response, viremia, and hepatic dysfunction (Kanesaki et al). 1993;123:381-7
Virus replication
Replication and tropism of human immunodeficiency virus type 1 as predictors of disease outcome in infants with vertically acquired infection (De Rossi et al). 1993;123:929-36
von Willebrand disease
Prevalence of von Willebrand disease in children: a multiethnic study (Werner et al). 1993;123:893-8

W

Walking
Energy expenditure during walking and running in obese and nonobese prepubertal children (Maffeis et al). 1993;123:193-9
Warfarin
Standardization of prothrombin times in newborn infants (Pinto et al). 1993;123:310-2 (CLO)
Water
Effect of filtration on fluoride concentrations in water (Byrd et al). 1993;123:838 (Letter)
Weight
Effect of human immunodeficiency virus infection on the growth of young children (McKinney et al). 1993;123:579-82 (CLO)
Weight gain
Breast-feeding of very low birth weight infants (Bier et al). 1993;123:773-8
Williams syndrome
Hypercalcemic phase of Williams syndrome (Bzdúch). 1993; 123:496 (Letter)
Wilms tumor
Denys-Drash syndrome: relating a clinical disorder to genetic alterations in the tumor suppressor gene *WT1* (Coppes et al). 1993;123:673-8
Withdrawal of therapy; *see* Life support care

Z

Zalcitabine
High-level resistance to zidovudine but not to zalcitabine or didanosine in human immunodeficiency virus from children receiving antiretroviral therapy (Husson et al). 1993;123:9-16
Zidovudine
Development and significance of zidovudine resistance in children infected with human immunodeficiency virus (Ogino et al). 1993;123:1-8
High-level resistance to zidovudine but not to zalcitabine or didanosine in human immunodeficiency virus from children receiving antiretroviral therapy (Husson et al). 1993;123:9-16
Zinc
Mild to moderate zinc deficiency in short children: effect of zinc supplementation on linear growth velocity (Nakamura et al). 1993;123:65-9
